CAVEATS
Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Graduation Rates data in the Spring and how you report student charges in Part D of this survey.

3. What is the predominant calendar system at the institution? [Choose one]

**Standard academic terms**

Checking one of these systems determines that your institution will provide Graduation Rates data based on a FALL COHORT and student charges based on a FULL ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan
- Other academic calendar

**Other calendar system**

Checking one of the following determines that your institution will provide Graduation Rates data based on a FULL YEAR COHORT and student charges data will be requested by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)
Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?
*Include all levels that your institution offers, even if there are no students currently enrolled at that level.*

The answers to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Winter and Spring collections. Additionally, checking *Yes* for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report pricing information for these students (on the IC survey) and Student Financial Aid information in the Spring collection. The reported full- and part-time 2004 Fall Enrollment counts are provided for your reference.
