Create Expense Report (T-Card)

All employees are responsible for ensuring that their Expense Reports are complete, accurate and adhere to the expense reimbursement requirements of CUNY, New York State and New York City. Expense Reports that do not comply with these requirements are returned to the employee to be modified to meet the requirements.

Commence entry of the Expense Report after all T-Card transactions and, if applicable, corresponding credits are available for selection in My Wallet into the Expense Report. While in My Wallet, the user must update the Expense Type and enter the description prior to adding the transaction to the Expense Report.

Users may find it helpful to prepare their receipts for upload into CUNYfirst.
1. Sort all receipts by Date and then Expense Types.
2. Affix the receipts in order on 8½ by 11 sheets of paper.
3. On the top of each sheet:
   a. Print the file name.
   b. Print a description of the file for entry in CUNYfirst.
4. For each receipt, print:
   a. Expense Type.
   b. Date.
   c. Amount – in dollars and cents.
   d. Payment and Billing Type – CUNY, Empl or Non-reimbursable.
5. Scan page.
6. Place receipts and Travel Authorization support documentation in a folder named with the description of the trip on your computer.
7. Retain the originals.

An employee or their proxy may create an Expense Report directly in CUNYfirst. Both the Expense User and the proxy who entered the Expense Report are notified by email when an Expense Report is sent back by an approver.
