

Managing Apple Safari Pop Up Blockers for CUNYfirst

To save or print .pdf files from CUNYfirst, pop-up blockers must be turned-off in your browser prior to beginning the transaction (step sheet). The user will need to start again from the beginning of the transaction when the browser's pop-up blocker is not turned off.

Some browsers allow the user to automatically allow pop-ups from specific websites. Once these browsers are set, then the user will always be able to get .pdf files or print from CUNYfirst without making further adjustments.

Major browsers supported by CUNYfirst are Mozilla Firefox, Microsoft Internet Explorer, Google Chrome, and Apple Safari.

Note: Each CUNY institution schedules administrative maintenance of browser software as needed. In that event, this procedure may need to be repeated.

Step	Action
1.	 <p>To allow pop-ups in Safari, select Safari on the main tool bar.</p>
2.	<p>If the Block Pop-Up Windows option is checked, select it to uncheck it and unblock pop-up windows.</p> <p>Note: This applies to all websites. There is no site specific option in Safari.</p>
	<p>End of Procedure.</p>
