DESIGN PROJECTS

Partnering for subcontractor, sub-subcontractor & supplier contract opportunities is available on an ongoing basis for task order projects that are assigned through our wide variety of design services requirements contracts in the following areas:

- o Architectural Design Services Requirements Contracts;
- o Engineering Design Services Requirements Contracts;
- o Master Planning Services Requirements Contracts.

ALL PROJECTS

See our Procurement Services website at www.cuny.edu/cunybuilds which presently lists all firms awarded requirements contracts, including their contact information. Each of these firms is a potential competitor for and/or potential recipient of an award for a task order for an assigned project in their respective area of work. These firms represent the whole universe of candidates who might be invited to propose as a prime design consultant or CM, as applicable, for a project, and therefore should be contacted to work out MWBE and SDVOB partnering opportunities for potential upcoming work.
