TERMINAL LEAVE ELIGIBLE CLASSIFIED STAFF

Based on Blue/White Collar Contract

- ◆ a) Employees with 10 or more years of service: one day terminal leave for every two sick days up to 120 days of terminal leave.
- ◆ b) Employees who were hired on or before 1/1/75 and have 15 or more years of service: may elect to receive one month (22 days) for every decade worked. This figure may be prorated. The final figure must be reduced by the excess of an average annual sick leave usage of six (6) days per year after 7/1/74.
- ◆ c) If an employee has exhausted all or most of their sick leave due to a severe illness, colleges may, at their discretion, apply $2 \frac{1}{5}$ work days for each year of paid service for computing terminal leave, in lieu of any other leave.

TERMINAL LEAVE ELIGIBLE 220 STAFF

- ◆ a) Years of Service
 - Employees with 10 or more years who work at least 250 days per year,
 - May earn terminal leave at the rate of one month (22 days) for every ten years of work, prorated for every year above ten years.

- ◆ b) Sick Leave
 - If the employee opts for the sick leave calculation,
 - terminal leave will be one day for every two days of sick leave up to 100 terminal leave days.

ANNUAL LEAVE

Annual Cap

Annual leave accruals above the cap will not be paid without prior approval. If you have annual leave accruals above your cap, it is recommended that you use down as much as possible prior to your retirement date. The Office of the State Comptroller has strict guidelines on payment of accruals above the cap.

ELIGIBILITY FOR RETIREE HEALTH BENEFITS

NYCERS

- ◆ ERS members who retire with immediate payability are eligible for benefits.
- ◆ Tier 1 ERS members who retire with deferred payability can retain benefits for 5 years while in such status. If the deferment lasts longer than 5 years, benefits will be suspended until the retiree begins receiving retirement income from ERS.
- ◆ Health Care Premiums, if any, will come out of your monthly pension check.

WORK AFTER RETIREMENT

- ❖ Retirees are not prohibited from working after retirement. However, there are certain income restrictions if a retiree returns to work in the public sector.

- ❖ Schedule an account checkup to review your asset allocation strategy in retirement.
- ❖ Choose a payout option that fits your needs. The earliest you can begin making withdrawals is 45 days following your separation of service.
 - ❖ Decide when you want to take distributions. The Plan does not require you to begin payments until you are age 70 1/2, and separated from service.
