## CUNY Mellon Faculty Diversity Career Enhancement Initiative

---

With support from the Mellon Foundation, the *CUNY Mellon Faculty Diversity Career Enhancement Initiative (CMFDCEI)* will work in conjunction with the four Mellon Mays Undergraduate Fellow (MMUF)-serving institutions at The City University of New York, which are Brooklyn College, City College, Hunter College, and Queens College. The initiative is tied to University-wide efforts to increase diversity, equity, and inclusion as outlined in the Diversity Action Plan and in accordance with the mission of the University. The aim of the initiative is to develop sustained mentorship via research/writing seminars on each MMUF campus and a series of professionalization workshops to increase the success and professional satisfaction of our diverse professoriate.

By creating the intellectual spaces to further advance scholarship and creativity, we seek to enhance prospects for tenure and promotion and improve upon the overall University climate. Our objective is to anchor and support a tenure-track faculty as they build an intellectual community, work toward peer-reviewed publications, and attend professionalization workshops.

If you should have any questions, please contact Dr. Victoria Stone-Cadena, Assistant Project Administrator for the CUNY Mellon Faculty Diversity Career Enhancement Initiative, at 646-664-3299.
