CHAIRPERSON'S REPORT
Chairperson Thompson, Jr. stated that on Monday, January 29, 2018, the Board held its Public Hearing chaired by Vice Chairperson Barry Schwartz who was joined by Trustees Henry Berger, Ken Sunshine, Kevin Kim, and Michael Arvanites, University Faculty Senate (UFS) Chair and Trustee Kay Conway, and University Student Senate (USS) Chair and Trustee John Aderounmu and members of the Chancellery. A summary of the January 29th hearing, including testimony, was circulated to the Trustees and the Chancellor's staff, and transcripts are available in the Office of the Secretary.

Chairperson Thompson, Jr. welcomed two new members of the Chancellery, Brigette Bryant, Vice Chancellor for University Advancement and Margaret Egan, Interim Vice Chancellor for Human Resources.

Chairperson Thompson, Jr. congratulated Chancellor James Milliken, Trustee Ken Sunshine, and Deputy Vice Chancellor Burt Sacks for being honored at City and State's Over 50 Lifetime Achievement Awards.

Chairperson Thompson, Jr. reported that on January 16th, Governor Andrew Cuomo released the Fiscal Year 2019 State Executive Budget, which provides significant investment in the University. CUNY students will continue to benefit from the groundbreaking Excelsior Scholarship initiative, which advances to its second year, and makes college more affordable and reduces debt for middle class students. The Executive Budget also includes the DREAM Act, which would extend financial aid to CUNY's many undocumented students. The Governor's proposal also provides necessary support for fringe benefit cost increases, the transition of the Joseph S. Murphy Institute to the CUNY School of Labor and Urban Studies, and much-needed critical maintenance funding. The University looks forward to continuing to work with the Governor, the New York State Assembly, and the New York State Senate during the budget process.

Chairperson Thompson, Jr. noted that Councilwoman Inez Barron was in attendance at the January 29th Public Hearing, and that the Councilwoman provided testimony addressing the Chancellor's search process. A copy of the testimony was provided to the Trustees.

CHANCELLOR’S REPORT

James B. Milliken’s Remarks:
“Tonight you will hear details about the exciting progress being made in implementing CUNY’s strategic plan and why it is helping the University to fulfill to an even greater degree, CUNY’s historic mission. It is a time of some optimism, despite all else that is going on. I want to thank my colleges around the table for the work they are doing and I hope that the Board will share the pride in what is being accomplished at CUNY.

We know that there is skepticism around the country about the value of higher education, how much it costs, what it deliver. It is a debate about politics as much as policies. Of course institutions of higher education, particularly public higher education, should be accountable to the people they serve. The more thoughtful the discussions, the better, and CUNY is proving, year after year, to be one of the wisest long-term investments that the public can make in the University’s future.

One reason we can be optimistic is that, despite the unfortunate policy and budget decisions being made in Washington, CUNY continues to receive valuable support and encouragement from the state and the city. They share the University’s objectives, and deserve credit for funding and shepherding key programs in this year's proposed budgets to provide needed support for continued success.

Governor Cuomo has staked out an important position of national leadership for New York's public universities with the Excelsior scholarship program. The University’s enrollment and
applications are at record levels. That, together with the State legislature’s demonstrated commitment to higher education, especially its support for CUNY’s historic mission of accessibility, inclusion, and high quality education, is a strong reason why the University’s future looks good. We will be working closely with the legislature as Chairperson Thompson, Jr. mentioned on the budget over the next few months.

In addition, Mayor Bill de Blasio issued the City’s Preliminary Budget for Fiscal Year 2019. It provides much needed funding for the current year and future increases in fringe benefits and building costs. The University will work with Council Member Inez Barron, members of the City Council and the administration on important elements of the next city budget.

The knowledge economy offers an array of exceptional career opportunities, but the most promising ones require a college degree and that trend will only accelerate. It is important that the University take the support and the strength it has in the city and the state of New York to Washington, where the administration and Congress are debating a reauthorization of the Higher Education Act which has enormous consequences for the City University of New York and other institutions across the country as well as other policy and budget decisions.

I met with the Secretary of Education to share the University’s success with social mobility and career readiness and the need for investment in CUNY, and President José Luis Cruz of Lehman College and Donna Linderman, University Dean for Student Success initiatives, have testified in Washington to make sure officials understand the ways in which CUNY and its models are succeeding and preparing its students.

The key to what the University is doing for its students is captured in the University’s strategic plans and Executive Vice Chancellor & University Provost (EVC&UP) Vita Rabinowitz and key members of her team will present a snapshot of the impressive advances that have been made. The three pillars of CUNY’s plan are improving student readiness and college access, increasing graduation rates, and expanding sharply workplace preparedness programs so that CUNY graduates can achieve career success. This is critical work, and I thank the Board for their support, encouragement, and commentary."

EVC&UP Vita Rabinowitz, Associate Vice Chancellor Amy McIntosh, University Dean for Student Success Donna Linderman, Associate University Provost for Academic Affairs David Crook, and Assistant Vice Chancellor for Strategic Partnerships Rachel Stephenson reported on the CUNY Strategic Framework Initiative, Connected CUNY: Focus on Completion: Implementation Overview.

**APPROVAL OF MINUTES:** Chairperson Thompson, Jr. called for a motion to approve the minutes of the regular Board Meeting and Executive Session of December 4, 2017, which was seconded by Trustee Henry Berger. He asked if there were any amendments. Upon hearing none, the item was adopted by the Board:

2. **Approval of Minutes:**

   RESOLVED, That the minutes of the regular Board Meeting and Executive Session of December 4, 2017 be approved.

3. **COMMITTEE ON FISCAL AFFAIRS:**

   Trustee Fernando Ferrer reported that the Committee on Fiscal Affairs met on January 17, 2018. After approval of the minutes of the November 13, 2017 and December 4, 2017 meetings, the Committee addressed the policy items on the agenda. After a presentation by Senior Vice Chancellor & Chief Financial Officer (SVC&CEO) Matthew Sapienza on the FY 2019 State Executive Budget and University FY 2018 Mid-Year Financial Report, and with no more items on the agenda, the meeting was adjourned.

   Moved by Trustee Ferrer and seconded by Trustee Berger, resolutions 3.A. through 3.C. were unanimously adopted:

   A. **Borough of Manhattan Community College - Purchase of Guard Services:**

   RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders for Security Guard
Services from Summit Security Services, under an existing New York State Contract, pursuant to law and University regulations. Such purchase shall not exceed $1,000,000 for the fiscal year ending June 30, 2018.

EXPLANATION: Borough of Manhattan Community College will use this contract to provide supplemental security services for the Main Building at 199 Chambers Street and campuses at 70 Murray Street, Fiterman Hall, 125 Street, and 25 Broadway. There has been an increasing need for contractual security officers over the last fiscal year due to a number of factors including an increase of coverage needed for weekends and a decrease in the available pool of peace officers and campus security assistants. The Full Time Equivalent (FTE) of security personnel needs has risen by 9% from 105 FTEs in FY’17 to 115 FTEs in FY’18. Pursuant to the terms and conditions of the State contract, Summit Security intends to subcontract 20% of the project to a New York State-certified MWBE firm.

B. Borough of Manhattan Community College - Purchase and Installation of Fan Coil Units and Maintenance Services:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Trane US, Inc. for replacement of 31 ceiling-hung fan coil units at 199 Chambers Street and annual maintenance services at three (3) BMCC campuses against a Federal GSA Government Contract, pursuant to law and University regulations. Such purchases shall not exceed $750,000 for the fiscal year ending June 30, 2018.

EXPLANATION: Borough of Manhattan Community College (BMCC) will use this contract to replace 31 original-to-the building (33-year old) ceiling-hung fan coil units that have a limited useful life left. The new units will be more energy-efficient, as part of BMCC’s commitment to EO88 and sustainability. They have a 20-year useful life. The new fan coil units have multiple settings allowing the units to be turned off during periods of non-use. With purchase of fan coils, the vendor provides services that will be used for preventive maintenance and repairs as needed and approved on the new and existing HVAC units at 199 Chambers Street, Fiterman Hall and 25 Broadway campuses. While the Federal GSA Government Contract does not include local diversity participation goals, Trane US Inc. and the College are working to identify New York State-certified MWBE firms that could provide services under the terms and conditions of the Federal Government contract.

C. Borough of Manhattan Community College - Purchase of Furniture:

RESOLVED, That the Board of Trustees of The City University of New York authorize Borough of Manhattan Community College to issue purchase orders to Haworth Inc.,
Herman Miller Inc., and Steelcase Inc. against existing New York State and New York City contracts, pursuant to law and University regulations. Such purchases shall not exceed $1,800,000 for the fiscal year ending June 30, 2018.

EXPLANATION: Borough of Manhattan Community College will use these contracts to purchase furniture to replace old and worn existing stock throughout the campus including the One-Stop Student Center, Math Tutorial Center, Media Center (phase two), Upward Bound, Call Center, etc. All of these changes will improve both the learning and working environment within an aging property and will better serve the 27,000 students and workforce of 1,260 full-time and 1,600 part-time employees. The College intends to engage a NYS-certified MWBE firm as authorized resellers for an estimated 70% of the total project.

Moved by Trustee Ferrer and seconded by Trustee Clarke, the following resolution was unanimously adopted:

D. The City University of New York - Baruch College - Executive and Global Graduate Degree Programs:

WHEREAS, Baruch College has historically offered many executive and global graduate degree programs, which are structured to meet the needs of working professionals and business leaders; and

WHEREAS, Many of the degree programs at Baruch College have been ranked among the nation’s top graduate programs; and

WHEREAS, In an effort to increase transparency, Baruch College is seeking approval of program supplements for five (5) executive programs, which originated in the 1960s to 1990s, but have not been previously approved by the Board of Trustees; and

WHEREAS, Baruch College is seeking the approval of program supplements of five (5) new executive and global graduate degree programs; that will begin starting in the Fall of 2018; and

WHEREAS, Baruch College is seeking approval of revised program supplements of (5) previously approved programs; now therefore be it

RESOLVED, That The City University of New York approve the executive and global graduate degree programs, for Baruch College, including a schedule of program supplement charges; and be it further

RESOLVED, That students enrolled in Baruch executive and global graduate degree programs pay prevailing in-state graduate student rates for tuition, technology fees,
student activity fees and consolidated fees, as well as a separate program supplement, the sum total of which is not to exceed the amounts in the table below; and be it further

RESOLVED, That students enrolled in these programs receive waivers for academic excellence fees, which fund graduate student services and activities designed for students in graduate programs with traditional delivery and services rather than an executive or global format and the more costly services such a format entails; and be it further

RESOLVED, That Baruch College will deposit the program supplement in a designated bank account, and account for and report on the program supplement separately by program; and be it further

RESOLVED, The Baruch College will follow the University’s policies and procedures; including but not limited to those related to procurement, cash accountability and allowable expenditures use; and be it further

RESOLVED, That Baruch College will provide the University within 90 days of the approved resolution a policy and procedures manual related to the collection, accounting, spending, reporting and internal controls of these funds, and provide any updates annually; and be it further

RESOLVED, That Baruch College provide to the University by the end of August of each year, an accounting of the funds spent for each program in the prior fiscal year and an approved budget for the upcoming fiscal year, which shall include any surpluses from the prior year; and be it further

RESOLVED, That the use of the funds generated by the program supplement shall be used to support the direct costs of the program for which the funds were generated, or to support the school for which the program is housed.

EXPLANATION: Each executive and global graduate degree program offered by Baruch College charges a single total amount to all students in that program. The use of a single rate for an entire program is the standard pricing approach in comparable executive and global degree programs offered by competing institutions, and is essential to Baruch’s ability to market these programs.

The program supplement portion of the student payments covers additional costs related to delivering services for executive and global graduate degree programs and supports other strategic initiatives at the Zicklin, Weissman, and Marxe Schools, depending on where the programs are housed. The direct costs associated with delivery of these executive and global graduate degree programs include course books and materials.
class-day meals, weekend staffing and other amenities and for several of these programs also includes domestic or international group travel as part of the curriculum.

**EXPLANATION:** The Barry R. Feirstein Graduate School of Cinema opened at Steiner Studios at the Brooklyn Navy Yard in Fall 2015. The Feirstein School offers a 3-year specialized program in 6 disciplines leading to an MFA in Cinema Arts (Producing, Directing, Screenwriting, Cinematography, Post-Production, and Digital Animation and Visual Effects). The MFA program in Cinema Arts is a full-time program, while the MFAs in Media Scoring and in Sonic Arts can be taken on a full or part-time basis.

The Board of Trustees approved an Academic Excellence Fee when the Feirstein School opened. That fee request was for 3 academic years. This request is for the next 3 academic years.

Housed in a newly renovated 68,000 sq. foot, state-of the-art facility on the Steiner Studios lot, the School is equipped with the most up-to-date production, post-production,
animation, motion capture, and other facilities and equipment. As such, it boasts a filmmaking environment comparable to the finest in the world.

Feirstein offers a top notch education in a superior facility. The Fall 2017 semester tuition and academic excellence fee for in-state residents is currently $9,695 which is significantly less than the Fall 2017 semester costs at comparable institutions such as NYU ($29,513), Columbia ($29,844), and the School of Visual Arts ($22,785–$25,980).

Feirstein is both the first public graduate school of cinema in New York and the only film school on a working film lot in the United States.

The comparative low cost of attendance further enhances the desirability of the Feirstein Graduate School of Cinema among New Yorkers, as well as out-of-state students, who will receive an education that is not only of exceptional quality, but that is also affordable, with some full and part-time scholarships available to those in need. The academic excellence fee funds will be used to fund the exceptional facility and programmatic expenses.

Feirstein Graduate School of Cinema; and

RESOLVED, That the Board of Trustees of The City University of New York, approve the academic excellence fee per course for Brooklyn College students in the Masters of Music (MM) programs who enroll in courses in the Master of Fine Arts (MFA) in Media Scoring and the Master of Fine Arts (MFA) in Sonic Arts programs at the Feirstein Graduate School of Cinema per the fee schedule below:

Resident and Non Resident students per course: $1,100

Effective Fall 2019
Resident and Non Resident students per course: $1,175

Effective Fall 2020
Resident and Non Resident students per course: $1,250

EXPLANATION:
The Barry R. Feirstein Graduate School of Cinema opened at Steiner Studios at the Brooklyn Navy Yard in Fall 2015. The Board of Trustees approved an Academic Excellence Fee when the Feirstein School opened for three MFA programs (Cinema Arts, Media Scoring and Sonic Arts), for 3 academic years, and have requested an extension for another three years. At that time, an Academic Excellence fee was not requested for MM students who take classes at the new facility on a part-time basis.

Although the majority of MM courses are offered on the main Brooklyn College campus, students may enroll in no more than two courses per semester for a total of 12 credits of the MM degree, to be held off-site at the Feirstein Graduate School of Cinema, a state of the art facility with the most up-to-date equipment. The students enrolled in the MM program will pay a reduced Academic Excellence Fee compared to the fees currently charged to the MFA students.

Feirstein offers a top-notch education in a superior facility and the academic excellence fee funds will be used to fund the exceptional facility and programmatic expenses.

USS Chair and Trustee Aderounmu shared a few comments, noting that he is in opposition of Cal. Nos. 3.E. and 3.F. as the items will negatively impact recruitment, retention and graduation rates.

Trustee Ferrer commended SVC&CFO Sapienza on an operating budget that is developed, managed, and reported on a regular basis for transparency purposes, and inquired about the integration of the operating and capital budgets.

Chairperson Thompson asked for a vote. Cal. Nos. 3.E. and 3.F. were adopted. Trustee Lorraine Cortés-Vázquez abstained and USS Chair and Trustee John Aderounmu opposed.
4. COMMITTEE ON ACADEMIC POLICY, PROGRAMS, AND RESEARCH:

A. **York College - MS in Nursing Education:**

RESOLVED, That the program in Nursing Education leading to the Master of Science degree at York College be approved effective February 5, 2018 subject to financial ability.

**EXPLANATION:** This proposed program will prepare registered nurses to enroll in doctoral programs in nursing, teach at some post-secondary institutions and provide in-house professional development in hospitals and other employment settings. With this proposal, York College seeks to expand its portfolio of graduate programs in the applied health and health research arenas. Graduate programs already in existence include Occupational Therapy, Physician Assistant, Pharmaceutical Science and Business, and the recently approved Clinical Trial Management as well as the MSW. Adding a graduate program in Nursing Education just as New York State increases the educational requirements for its nursing professionals is strategic enrollment decision for York, and the right answer to a professional need to advance nursing education today, and create the nursing workforce of tomorrow.

B. **Medgar Evers College - AA in African Diaspora Literature:**

RESOLVED, That the program in African Diaspora Literature leading to the Associate of Arts degree at Medgar Evers College be approved effective February 5, 2018 subject to financial ability.

**EXPLANATION:** Medgar Evers College’s Department of English proposes to establish an associate’s degree in the literature of the African Diaspora which will also consist of coursework in creative and professional writing. The success of MEC’s Center for Black Literature, founded in 2003 and the strength of the English Department faculty will assure the success of this program. The sixty-credit program will completely articulate with the college’s existing BA in English, allowing for seamless transfer.
