**CONVENING OF PUBLIC MEETING**

Chairperson William C. Thompson, Jr. called the Public meeting to order at 4:36 p.m. and announced that the Public Meeting is being transmitted live on cable Channel 75 and webcast live at [www.cuny.edu/livestream](http://www.cuny.edu/livestream). He also announced that the Public Meeting will be available as a podcast within 24 hours and can be accessed through the CUNY website.

Chairperson Thompson, Jr. moved to go into Executive Session at 4:36 p.m. The motion was seconded by Trustee Una Clarke.
CONVENING OF EXECUTIVE SESSION
Chairperson Thompson, Jr. called for an Executive Session pursuant to Section 105, Article 7, of the Public Officers Law, to discuss matters pertaining to personnel, investigations and litigation. The Board met in Executive Session from 4:39 p.m. to 6:05 p.m.

Moved by Chairperson Thompson, Jr. and seconded by Vice Chairperson Barry Schwartz, the public session was reconvened at 6:16 p.m.

CHAIRPERSON’S REPORT
Chairperson Thompson, Jr. stated that on Monday, March 12, 2018, the Board held its Brooklyn Borough Hearing and Public Hearing chaired by Trustees Fernando Ferrer and Henry Berger. They were joined by Thompson, Trustees Kevin Kim, Michael Arvanites, Una Clarke, and Ken Sunshine, University Faculty Senate Chair and Trustee Kay Conway, and University Student Senate Chair and Trustee John Aderounmu. Members of the Chancellery and the Presidents of Brooklyn College, Kingsborough Community College, Medgar Evers College, and New York City College of Technology also attended the hearing.

Chairperson Thompson, Jr. noted that 113 speakers signed up to speak and 66 speakers testified.

Chairperson Thompson, Jr. shared that speakers expressed opposition to the possible restructuring of the student activity fees, as well as concern for the lack of information and transparency from the Student Activity Fees Task Force committee. Other speakers testified in support of increasing the adjunct professor salary to $7,000 per course. A number of food services workers and advocates, voiced concern about low wages, benefits and poor working conditions for workers employed by external food services vendors operating on CUNY’s campuses.

Chairperson Thompson, Jr. further noted that the format of the hearing was not a Town Hall style meeting and as a result, he read the following statement—the Trustees were not in a position to address the concerns directly at the Brooklyn Borough Hearing and Public Hearing—as those issues are very important to the future of CUNY.

Remarks of Chairperson Thompson, Jr.:
“First, the Student Activity Fee Policy review. I preface my comments on this review by first stating unequivocally that the Board is not taking any action on this issue today, so there will be more opportunities for discussion and comment on any proposed changes. I reiterate that no action is being taken today. The Board has heard from various students that they think something is being voted on today, and some students who think a vote has already taken place. Both are, as they say, “fake news.” To be clear, the Board has not been asked and will not be voting on any changes TODAY.
Any vote to be taken in the future will include extensive input from all relevant constituencies. CUNY and this Board of Trustees is committed to continuing the longstanding tradition of students shaping the ways in which student activity fees support student life and essential student services.

To honor this commitment, the Board and the University wants to ensure that the student activity fees are administered in ways that are consistent with prevailing laws and best practices. Like many of the policies and procedures at CUNY, many of which this Board has begun to update, the governing documents, policies, and procedures of the college associations and student governments have not been updated in many, many years. As such, at the October 23, 2017 Board of Trustees meeting, the Board adopted a resolution directing the Office of General Counsel and the Office of Student Affairs to perform a comprehensive review of CUNY’s student activity fee policy infrastructure and allocation process via a Task Force, to be co-chaired by the University Student Senate Chairperson for the purpose of making recommendations for changes in the system, in compliance with prevailing laws and best practices. The Board asked that changes be implemented in time for the 2018-2019 school year.

The Task Force is made up of 13 members including – 6 USS/SGA student representatives, 1 UFS faculty representative, 2 Presidents and 4 campus student affairs officers. An internal Working Group of the Task Force was also established comprised of administrators from legal, student affairs and finance as well as representative Presidents, students and faculty. The Task Force, whose primary purpose is to provide input and advice throughout the review process, was charged to work with relevant constituents to share information and solicit feedback on proposed recommendations to be presented to the Board for approval. Since its inception this fall, the Task Force and its Working Group have held 13 meetings.

It has become clear over the past few weeks that, in spite of the extensive efforts of the Task Force and its representatives, students and faculty feel that there has been a lack of information and transparency regarding the changes to be made. The Board appreciates the concerns that have been brought directly to us via testimony at the recent hearing, a letter from the PSC and a resolution of the USS which very specifically addresses the lack of support for these changes at this time. In order to address these concerns and to clarify the recommendations the Task Force has presented to the Board’s Committee on Student Affairs for discussion, the Board has instructed Interim Vice Chancellor Christopher Rosa to develop a communications and outreach plan to clearly identify the specific changes being recommended and the reasons for these changes. The plan will include a website where all relevant documents, including meeting minutes will be posted. Further, this plan will include an open letter to every college newspaper.

The Task Force and the Board Committee on Student Affairs will continue to meet to discuss recommendations. This may mean the process could extend beyond the 2018-2019 school year, but it is imperative that the process is deliberative, inclusive and thoughtful.
The Board looks forward to a continuing dialogue on this important issue and we encourage students to follow the progress of these efforts by reaching out to the student task force reps and reading the materials that will be posted on-line. I reiterate today that the Board of Trustees is committed to working with the CUNY community to develop a student activity fee structure that will benefit student groups while also complying with the law.

Also at the public hearing, a number of food services workers and advocates voiced concern for low wages, benefits and poor working conditions for workers employed by external food services vendors operating on CUNY’s campuses. Complaints ranged from health and safety violations, failure to provide paid sick leave, failure to pay overtime and harassment and discrimination.

The Board has been concerned about this issue since the November 29, 2017 hearing when it asked the General Counsel to advise the College Presidents of these allegations and remind them that their Auxiliaries are responsible for monitoring vendor compliance with contract and law, including employment practices, and further asked them to investigate specific allegations. Additionally, on December 18, 2017, the Office of General Counsel wrote to each of the University’s food service providers, advising them of the allegations raised at the public hearing and that the Colleges and their Auxiliaries would be conducting a review of their operations to confirm, among other things the payment of New York State minimum wages, compliance with the New York City Earned Sick Time Act, required meal and other breaks, and documentation of such.

Based on the findings of these reviews, the Board has been advised that the Central Office has formed a Committee, consisting of Central Office staff and campus representatives, to craft an RFP for the selection of a CUNY-wide food service vendor. Any such award will include strong language regarding compliance with employment laws, audit rights for CUNY, and a labor harmony agreement to help protect the rights of food service workers.

I want to take a moment to thank the Retail Action Project for highlighting their concerns in a recent report and for working with CUNY to ensure appropriate working standards. We have a responsibility of ensuring the safety and security for everyone on CUNY campuses and let me say that this Board is committed to ensuring that food service workers enjoy dignity in their workplaces on the campuses. And to all of the workers who bravely came forward, we stand with you and are committed to addressing these issues. Thank you for your courage.”

Chairperson Thompson, Jr. further stated that, Governor Andrew Cuomo announced a new effort to help Puerto Rico rebuild after last year’s hurricanes, called the New York Stands with Puerto Rico Recovery and Rebuilding Initiative. Teams of experts from New York will assist local officials with rebuilding plans and students from CUNY schools will travel to Puerto Rico this summer to work on recovery efforts.
Lastly, the Chancellery have been working and reaching out to the elected officials and legislative leaders in Albany on behalf of CUNY about budget concerns. They are well aware of CUNY’s priorities and concerns and the University is very hopeful that in this budget process CUNY will do well. The full expectation is that there will be a budget in place by April 1st.

CHANCELLOR’S REPORT

James B. Milliken’s Remarks:
“This is, of course, a busy and somewhat anxious time as the University navigate the State budget process that the Chairperson referred to, moving towards its conclusion in a couple of weeks. The Chancellery is engaged with the Governor’s Office, the Assembly and the Senate in the advocacy of the request adopted by the Board of Trustees that advances CUNY’s indispensable mission.

Overall, there is much positive on that front. The Governor's executive budget was favorable for CUNY, his Excelsior scholarship program is a big help, and support for mandatory expenses and the investment in critical maintenance is very positive.

There are also positive elements in the “one house” bills from each legislative chamber, as you know from my communications with the Board. The Assembly and Senate are both recommending a $100 per student full-time equivalent increase in base aid for community colleges which would generate $6.3 million for the CUNY’s 7 institutions.

For the senior colleges, the Senate and Assembly proposals each include additional funds for operating support. And on capital, both houses propose additional funds, the Assembly for strategic initiatives and the Senate for additional critical maintenance.

The State of New York’s investment has never been more critical, and CUNY appreciates the leadership of the Governor, as well as the Assembly and Senate. This is especially true when taking stock of the actions and the debate at the federal level. One need to look no farther than this morning’s lead editorial in the New York Times, which complained about the federal Education Department's policies on student loan collection. A new policy statement appears to make it more difficult for states to institute measures that protect student borrowers and prevent deceptive loan collection practices. This is a critical issue and there is much at stake, given that there is now $1.4 trillion in outstanding student debt and some are seeing their career prospects damaged by tough payback terms.

As states such as New York resist federal efforts, CUNY provides a critical path: not only do the University has among the lowest tuition rates in the country for a major university, more than 60 percent of CUNY students pay no tuition because, coming from low income households, they receive substantial state and federal support. The vast majority do not take out federal loans.

Also in Washington, a critical battle is underway to persuade Congress to continue the DACA program for undocumented immigrants brought to this country as children. These Dreamers, as they are known, have found a welcoming home at CUNY. The University has thousands of DACA students and they are among the most disciplined, hardest-working, and talented at CUNY colleges. They are exactly the kinds of people we should want as colleagues, neighbors, friends, and leaders.
Finally, with regard to Washington, I am deeply concerned about the legislation reauthorizing the Higher Education Act, which was approved by the House Committee on Education and Workforce in December. New conditions included in this legislation, known as the PROSPER Act, would have a terrible impact on CUNY by eliminating student grants from the Supplemental Educational Opportunity Grant (SEOG) program, worth millions of dollars in support for needy students. Also, proposed changes in funding formula for federal work-study program would hit CUNY students harder than any other university system in the entire country. The loss could be devastating, especially to graduate students. The Chancellery has made sure that legislative leaders and the New York delegation understand how important these issues are to CUNY and to New York.

CUNY’s arguments for adequate funding are made much stronger by the many successes the University is realizing from implementing its plans and marketing the University to prospective students. CUNY’s freshman applications have been rising in recent years and remain remarkably strong. As of today, applications are up 8 percent for the fall, over this time last year, when the University had a record number of applications in the spring and went on to enroll a record 38,000 new students.

I am pleased to report that this success is possible, in part, because CUNY admissions and enrollment operations are functioning much more efficiently and smoothly. When compared to this time last year, the office has processed more than 13 percent more freshmen applications and more than 29 percent more transfer applications. It represents excellent improvement in the department, overseen by Senior Vice Chancellor and Chief Financial Officer (SVC&CFO) Matthew Sapienza.

You have heard me before discuss the exceptional improvements in performance the University is enjoying due to the implementation of the strategic plans. At the last meeting, there was a presentation on the substantial early achievements from the University’s completion initiatives taking place at each campus. The Board should all take great pride in the consistent increases in the graduation rates, which are steadily moving towards its goals. The great beneficiaries, of course, are the students who will be graduating sooner and enjoying the life-changing benefits of a degree earlier.

Today, you will hear why the University is very optimistic about the planning and implementation programs for expanding workplace preparation and career placement initiatives. Angie Kamath, the indefatigable leader of these efforts, will provide an overview of the excellent work being done in sharply increasing paid internships in the most promising sectors of the economy, in building wide, two-way avenues of communication with employers, ensuring CUNY students are being trained the skills they require, and making the graduates more competitive in winning the best jobs and succeeding, and what is particularly heartening is this work is just starting and more progress is to come.”
University Dean for Continuing Education and Workforce Development Angie Kamath presented an update on workforce programs and continuing education for CUNY students.

**A. The CUNY Graduate School of Public Health and Health Policy - Nutrition and Dietetic Internship Program Fees:**

WHEREAS, It is anticipated that faculty and staff will need to review and rank upwards of 100 to 150 applications for candidates interested in the Nutrition and Dietetic Internship Programs at the CUNY Graduate School of Public Health and Health Policy (GSPHHP); and

WHEREAS, All interns enrolled in the program will be provided with study materials purchased through the program, in the interest of maintaining availability of current and consistent information for all interns, as well as preparing them to take and pass the Registered Dietitian Examination, which is required for the Registered Dietitian Nutritionist (RDN) credential and is a major evaluation criterion in maintaining the program’s accreditation; and

WHEREAS, The above-mentioned fees will be applied as described above, to support this valuable and uniquely flexible, workforce development initiative at the GSPHHP; now therefore be it

RESOLVED, That The Board of Trustees of The City University of New York adopt an Internship Application Fee of $100 per applicant and an Internship Course Fee of $150 for each accepted and enrolled Intern to commence in the Fall 2018 semester. These monies will be applied toward the operating expenses of the Internship Program.

EXPLANATION: There is a strong local and national demand for healthcare staff and managers who hold the RDN credential. This credential is recognized nationally by many healthcare organizations. To obtain the RDN credential, an accredited internship program must be completed. Traditionally, these Internships were undertaken shortly after completing an accredited baccalaureate degree program, before assuming further life responsibilities.

This unique Nutrition and Dietetic Internship program at the School of Public Health is consistent with the City University of New York Strategic Framework, which states in part, “We are expanding and developing innovative internships and experiential learning programs, giving students increased workplace experience as well as workplace networks that can improve job and career prospects.” Having such a program available in this format allows career changers and career developers to build their own program around their other responsibilities.
The fees proposed herein are consistent with the reasonable and customary fees of comparable programs, as reported by the Nutrition Educators and Preceptors practice group in their annual “Applicant Guide to Supervised Practice”

B. Hunter College, School of Education - Academic Excellence Fee for Graduate Programs:

WHEREAS, The Hunter College School of Education offers programs in teacher preparation and counseling at the graduate level that lead to master’s degrees or advanced certificates; and

WHEREAS, These programs are nationally recognized for their outstanding quality, selectivity, are consistently viewed as among the best in their fields in the New York area, are accredited by the specialized program associations in their respective fields, and are highly competitive programs in which to gain admissions; and

WHEREAS, At its meeting on October 1, 2015, the Board of Trustees of the City University of New York approved a schedule of academic excellence fees for students in certain graduate programs in the School of Education at Hunter College, effective with the Spring 2016 semester. The academic excellence fees were applied to those programs that prepare candidates for initial certification in general and special education, across Adolescent, Childhood, and Early Childhood levels and the K-12 certification areas of Creative Arts Education and TESOL, as well as School Counseling and Mental Health Counseling, effective with the Spring 2016 semester; now therefore be it

RESOLVED, That the Board of Trustees of The City University of New York approve the extension of the schedule of academic excellence fees to students in all master’s level graduate programs in the School of Education at Hunter College. The academic excellence fee would be applied to those master’s and advanced certificate programs which prepare candidates for professional, alternative, and additional certification in general and special education across Adolescent, Childhood, Early Childhood, and K-12 certification areas, as well as those master’s and advanced certificate programs which lead to licensure and/or certification for School Building and School District Leadership, Applied Behavioral Analysis, Educational Psychology, and Rehabilitation Counseling and Visual Rehabilitation and Orientation and Mobility Teaching, effective with the new students in the Fall 2018 semester and as detailed below:

Masters of Arts, Masters of Science, and Advanced Certificates in the categories of:
- General Education across Adolescent, Childhood, and Early Childhood levels
- Special Education across Adolescent, Childhood, and Early Childhood levels
- Creative Arts Education and TESOL across K-12 levels
- School Building Leadership and School District Leadership
• Applied Behavioral Analysis
• Educational Psychology
• Rehabilitation Counseling and Visual Rehabilitation and Orientation and Mobility Teaching

Resident Full-time students: $50 per credit
Resident Part-time students: $50 per credit
Non-Resident students: $50 per credit

EXPLANATION: In October 2015, the Board of Trustees approved academic excellence fees for the Hunter College’s School of Education, specifically in programs that prepared students for initial certification in general and special education, as well as school counseling and mental health counseling. The academic excellence fees included herein would be applied to all remaining master’s and advanced certificate programs in the Hunter College School of Education.

Hunter’s nearest competitors are the Steinhardt School at NYU and Teachers College of Columbia University, both of which have much higher tuitions. New York State has the most stringent teacher certification requirements in the country, and the extension of this academic excellence fee to all master’s level graduate programs will allow Hunter to provide the quality of support to its’ clinically rich programs to ensure the candidates’ success. To date, the current academic excellence fees have greatly expanded the support for candidates in initial certification programs by adding needed full-time clinical/field staff and expanding curricular initiatives and access to technology so that students can practice and improve their professional skills. With an academic excellence fee for all master’s level programs, graduate students across the School of Education will continue to receive a Hunter education that is of exceptional quality, but it will be an education that is greatly enhanced in and out of the classroom – and still be financially affordable relative to other comparable programs in New York.

Moved by Trustee Ferrer and seconded by Trustee Kim, the following resolution was presented and opened for discussion as amended:

C. The City University of New York - Central Office - Administrative Excellence Initiative:

WHEREAS, The City University of New York (CUNY) has committed to meet the goals of increasing student retention and graduation rates, in part by, reallocating funding from its administrative functions, while at the same time creating efficiencies in operations; and

WHEREAS, CUNY launched the Administrative Excellence Initiative in Fiscal Year 2018 committing to saving approximately $75 million over four years; and
WHEREAS, The mission of the CUNY Institute for State and Local Governance (CUNY ISLG) is to work with government and non-government organizations to improve systems to produce better results that are worthy of public investment and trust; now therefore be it

RESOLVED, The University will engage the CUNY ISLG operations management team to develop and implement a strategic plan to meet the goals of the Administrative Excellence Initiative. CUNY ISLG will work closely with CUNY administrative staff to identify initiatives, research best practice, analyze fiscal impact and develop implementation plans for those priority initiatives; and be it further

RESOLVED, CUNY ISLG will identify and implement priority initiatives, in partnership with CUNY administration staff, over the next four years to bring best practice to the administrative functions that support the academic mission, making every effort to be lean and resourceful in all areas of operations and administration; and be it further

RESOLVED, CUNY ISLG, in partnership with CUNY administrative staff, will conduct their work in four phases, at a total cost not to exceed $5.7 million, with the implementation of these initiatives beginning in the Spring of 2018 and continuing through Fiscal Year 2021. This cost is exclusive of the cost of contractors that CUNY ISLG may engage to provide functional expertise where necessary. Overall, the four-year initiative will achieve over $75 million savings for reinvestment in academic priorities identified in the 2016-2017 Master Plan. Any additional consultant costs that may arise during this engagement will be presented for approval to the Board Fiscal Committee as per established Board policies.

EXPLANATION: The Administrative Excellence Initiative builds on diagnostic work conducted for CUNY identifying areas of opportunity to generate savings in the following functional areas: Human Resources, Procurement, Finance, Information Technology, Enrollment Management, Facility Management and Capital Programs. CUNY seeks to engage the CUNY ISLG to develop and implement a strategic plan under the Administrative Excellence Initiative, across multiple functional areas, to institute best practice, achieve savings and improve efficiency. This work will continue and expand CUNY’s university-wide efforts to standardize, consolidate and automate processes and systems in ways that integrate best practice and improve efficiency. It will prioritize initiatives that foster the efficient and effective delivery of systems, services, and technologies that are integral to the university’s function.

The CUNY ISLG is well positioned to take leadership of these efforts, as the Institute has expertise in developing data-driven approaches to the challenges and opportunities confronting government. The ISLG staff working on this engagement have many years
of public service experience, many of whom held senior positions in State and City governments.

In terms of deliverables, the ISLG will produce a detailed multi-year plan to identify and implement opportunities for best practice, cost savings and efficiencies, such as reducing the duplication of administrative functions. Best practice calls on increasing effectiveness and efficiency by taking full advantage of opportunities for consolidation, collaboration and connectivity across the CUNY system.

CUNY ISLG will conduct further analysis to identify priorities in each functional area, and will develop timelines for implementation and a range of costs to implement these priorities (operating and capital costs), as well as a range of annual anticipated savings.

In order to ensure the successful implementation of the identified priorities, CUNY ISLG will identify and eliminate performance gaps, promote collaboration, and cross-functional teams to reduce duplication of services and maximize problem solving in each functional area. CUNY ISLG will also evaluate and increase the functional area capacity for project management and business redesign as well as identify and implement key performance indicators to measure success.

The cost of this engagement will not exceed $5,659,924 over the next four fiscal years (fiscal years 2018 through 2021), excluding any consultant costs to support the goals of the Master Plan. Over that same timeframe, the University’s approved Four-Year Financial Plan calls for the Administrative Excellence Initiative to result in the reallocation of $74.5 million.

Moved by Chairperson Thompson, Jr. and seconded by Trustee Ferrer, the following resolution was unanimously adopted:

D. The City University of New York - Revised Investment Policy Statement:

RESOLVED, That the Board of Trustees approve a revised Investment Policy Statement, which replaces all prior policies adopted by the Board of Trustees relating to investments.

EXPLANATION: The revised Investment Policy Statement was drafted in consultation with the University’s new Outsourced Chief Investment Officer (“OCIO”), Meketa Fiduciary Management. The following is a summary of its principal provisions and substantive changes from the previous Investment Policy:

With respect to governance, the revised Investment Policy Statement provides that, except for the adoption and amendments thereto and the selection of the OCIO, the Board of Trustees delegates to the Committee on Fiscal Affairs and its Subcommittee on Investment, acting as fiduciaries for the Board, the responsibilities for overseeing the investment program. Those responsibilities rest primarily with the Subcommittee on Investment, which has broad authority, within the guidelines set forth in the Investment Policy Statement, to make decisions, with the advice of the OCIO and the related University Management and Staff, in such areas as asset allocation and regular monitoring of the portfolio. Reflecting the move from a non-discretionary consulting relationship to an OCIO, the Policy now permits the OCIO discretion to select managers within the approved asset allocation. The revised policy also adds MWBE/SDVOB targets to manager selection.

The Investment Policy Statement establishes a new asset allocation that provides the University the opportunity for enhanced diversification within asset classes. Reflecting this, the Investment Policy Statement adds additional language on risk management and mitigation. As a result of these revisions, it is expected that the allocation will increase diversification, while further protecting the portfolio from risk in its various forms.

**A. The City University of New York - Continuation of Military Leave and Employer-Paid Health And Welfare Benefits Coverage for University Employees Recalled from the Reserves to Active Military Service:**

WHEREAS, There is a continuing need for University employees in the National Guard and Reserves to be activated for Military Service in response to the events of September 11, 2001 and the wider campaign against terror; now therefore be it

RESOLVED, That the Board of Trustees of The City University of New York hereby authorizes the continuation of Military Leave and Health and Welfare Benefits through December 31, 2018 for University employees recalled from the Reserves to active military service, in accordance with the following policies. These policies shall apply to employees of The City University of New York who are members of the National Guard, Reserve forces, or Reserve components of the Armed Forces of the United States.

1. **Supplemental Military Leave**

(a) The City University of New York will provide a temporary leave category called Supplemental Military Leave at full pay. Employees of The City University of New York who have been federally activated or activated by the Governor of New York State for military service between September 11, 2001 and December 31, 2018 will be granted Supplemental Military Leave with full pay after the exhaustion of military leave with full pay pursuant to Section 242 of the New York State Military Law. While on such Supplemental Military Leave, the eligible employee will be in full pay status for a period not exceeding 30 work days, in addition to the leave that had been granted pursuant to Section 242 of the New York State Military Law. The Statutory Entitlement period is 30
work days for all Public Servant Soldiers of the City of New York in compliance with Chapter 238 of the laws of 2008.

(b) Employees shall be eligible to receive Supplemental Military Leave through December 31, 2018. Supplemental Military Leave shall not be granted for military service performed after December 31, 2018. In no event shall more than one such grant of Supplemental Military Leave be credited to any employee for activation related to the war on terror regardless of the number of times the employee is activated between September 11, 2001 and December 31, 2018.

2. Military Leave at Reduced Pay

(a) Employees shall be eligible to receive Military Leave at Reduced Pay through December 31, 2018. Military Leave at Reduced Pay status commences after the employee has exhausted Military Leave pursuant to Section 242 of the New York State Military Law, Supplemental Military Leave as set forth in paragraph 1 above, and any leave credits other than temporary disability leave or sick leave which the employee elects to use.

(b) Employees in Military Leave at Reduced Pay status will be paid their regular City University of New York salary (base pay) reduced by military pay (base pay plus housing and food allowances). The determination of rate of payment for the Military Leave at Reduced Pay will be based upon the employee's regular City University of New York salary as of his/her last day in full pay status and the employee's military pay on the first day of his/her activation, and shall not be subject to adjustment during the period of leave at reduced pay.

(c) Employees eligible for Military Leave at Reduced Pay will not be eligible to earn annual and temporary disability leave/sick leave accruals or to receive credit for holidays.

(d) In no event shall Military Leave at Reduced Pay be granted for military service performed after December 31, 2018.

Covered dependents of eligible employees of The City University of New York, who are currently enrolled in a health plan with family coverage through The City University of New York and who have been federally activated or activated by the Governor of New York State for military service related to the war on terror shall continue to receive health insurance coverage with no employee contribution for a period not to exceed 12 months from the date of activation as long as the employee remains in full-pay status. If the employee is on unpaid leave, health insurance coverage will terminate at the end of 4
months. Contribution-free health insurance coverage will end at such time as the employee's active duty is terminated or the employee returns to City University of New York employment or December 31, 2018, whichever occurs first.

4. Other Provisions

The provisions of this resolution shall not apply to those employees who have voluntarily separated from City University of New York service or who are terminated for cause. Further, after exhaustion of the Supplemental Military Leave, this resolution authorizes a Military Leave at Reduced Pay for military service performed through December 31, 2018, whereby the employee will receive salary from The City University of New York equal to the difference between the employee's regular CUNY salary and the military pay he/she is receiving. Finally, this resolution authorizes the continuation (through December 31, 2018) of dependent health care coverage, under certain conditions, for employees recalled to active service related to the war on terrorism (less any period in which the employee remains in full-pay status).

B. Hunter College - Amendments to the Charter for Governance:

RESOLVED, That the proposed amendments to the Charter for the Governance of Hunter College be adopted, effective March 19, 2018.

EXPLANATION: The proposed amendments to the Charter for the Governance of Hunter College ("Governance Plan") were adopted by the Hunter College Senate on May 17, 2017 and are recommended by the College President.

The first amendment, to Article VIII, Section 12, would conform the stated jurisdiction of the Committee on Governance with actual Committee practice, making it clear that the Committee has governance authority not only with respect to departments of the College but also with respect to divisions, schools, and all degree and/or certificate granting programs of the College. Accordingly, conforming changes would be made to the name
of the Committee, the composition of the Committee and to the charge of the Committee.

The second amendment, to Article VIII, Section 21, would broaden the charge of the Committee on Food Services and Facilities to include jurisdiction over non-food services facilities and not solely food services facilities. As a result, the Committee would also be responsible for making recommendations to the College's administration with respect to all College facilities, including but not limited to the state of classrooms and other teaching facilities, common areas, and access (including but not limited to corridors, doorways, elevators, and escalators), particularly in regard to the teaching/learning activities of the College. In addition, Committee membership would be expanded to include one staff member represented by the HEO Forum and one staff member not represented by the HEO Forum, and the Committee would explicitly be charged to meet at least once per semester, and report to the Senate at least once per year.

ARTICLE IV

Section 1

A. Hunter College is an institution organized into schools, divisions, and departments, the structure and titles of which may change as the needs of its students change. It also has an administrative structure and administrative officers which change in title and function as the college develops. Therefore, wherever the Charter refers to a specific administrative officer (e.g. Dean, Registrar, etc.), or academic unit (e.g. department, school, divisions, etc.), or academic position (e.g. instructor, lecturer, etc.), such language should be construed to include any equivalent officer, academic unit, or academic position regardless of the particular language that is currently in use. In all such instances not fixed by the Charter, the equivalencies shall be determined by the Administrative Committee of the Senate and approved by the Senate.

B. For the purposes of the Charter, the following equivalencies shall apply:

(i) The word "department" shall mean any unit of the college that elects members to its Personnel & Budget Committee, and shall include as well the School of Nursing, School of Urban Public Health, School of Social Work and the Library. In addition, for the purposes of Article IV, Student Services shall be included as a department.

Each department shall be allocated 1 seat, and the remaining seats shall be allocated by assigning one additional seat to each department from the top of the list down, until the available number is exhausted.

(ii) Each department will fill its allocated seats by nominations from and elections by its faculty members in the ranks of Professor, Associate Professor, Assistant Professor, Instructor on full-time appointment, and Lecturer on full-time appointment.

(ii) A Senate seat reserved for students with specific major-non-major, graduate-undergraduate or other qualifications (as outlined in Article IV, Sections C, D, E, and F) that remains vacant after the elections scheduled for such seats, shall be filled for the remainder of the regular term by a student election conducted by a process approved by the Senate.

Section 3

Each department shall be allocated one seat for a faculty alternate. The faculty alternates shall be elected in accordance with the specified nomination and election procedures of Article IV. The student alternates shall be elected by a process approved by the Senate. The administration alternates shall be appointed by the President.

Section 4

For each of the constituencies, defined by the election procedures of Article IV, Section 2, the eligibility to serve and the right to vote shall be based on the same qualifications:

A. For every such category, eligibility to be nominated or elected to the Senate, or to vote in Senate elections, shall require one full semester of service in the specified rank, position, and/or status preceding the semester in which such nominations are made or the elections take place.

B. Students shall be in good standing. Graduate students shall have completed at least 3 hours of credit. Part-time Undergraduate students shall have completed at least 6 hours of credit.

C. Those holding appointment to the instructional staff while enrolled in a graduate program at Hunter College under conditions that make them eligible to stand for election to the Senate and to vote in Senate elections as graduate students shall not be eligible for nominations or election to the senate or to vote in Senate elections as
faculty members. If ineligible as graduate students, enrollment in graduate courses shall not affect eligibility as faculty members.

Section 5

In College-wide referenda and other votes conducted among all members of the instructional staff combined, a ballot cast by a faculty member in the rank of Professor, Associate Professor, Assistant Professor, Instructor, or Lecturer (full-time) on full-time annual appointment, or cast by department members in the title series College Laboratory Technician and Higher Education Officer, shall be tallied as a full vote. A ballot cast by a faculty member in the ranks of Lecturer (part-time), Adjunct Lecturer, or any other part-time member of the teaching faculty not also serving on a full-time appointment shall be tallied as a half vote.

Section 6

Certification as to class, status, and standing of students shall be made by the Registrar. Certification as to rank, position, and status of faculty shall be made by the Chief Academic Officer. Appointed representatives of the administration shall be certified to the Senate by name and administrative title.

ARTICLE V

Section 1

At each of its first annual meetings following the new elections, the Senate shall elect from among its voting members a Chair, a Vice-Chair, a Secretary, and such other officers as it deems necessary. Their term of office shall be one year, and the Chair and Vice-Chair shall not serve in their respective offices for more than four consecutive terms.

Section 2

The Chair may, if he or she so desires, appoint a recording secretary with the responsibility for preparing the minutes and keeping the papers of the Senate in order.

ARTICLE VI

Section 1

The regular term of office for representatives shall be 2 years, extending from May of the first year to just prior to the first meeting of the new Senate the following year, in keeping with the calendar approved by the Senate. Hence, in the future, one-half of the Senate seats will be filled by the annual elections. Unexpired terms shall be filled at the next scheduled elections.

Section 2

A vote for recall of a representative may be petitioned either by one-half or by 20 members of the representative’s constituency, whichever is smaller. For this purpose, the constituency shall be defined as consisting of no less than the number of votes cast in the election of the representative. Seats vacated by recall shall be filled at the time of the next election for whatever portion may remain of the unexpired term.

ARTICLE VII

Section 1

The Senate shall be empowered to regulate the conduct of its business, including the establishment of a schedule for regular meetings and procedures for calling special meetings. The calendar of regular meetings shall be established sufficiently far in advance to permit its publication in the Registrar's annual College Calendar. The Senate shall develop practical election provisions with a view towards keeping itself as nearly as possible at full strength. It shall have the right to extend the mandated committee structure (Article VIII) by establishing additional standing, special or ad-hoc Committees; and it shall set its own rules of procedure and operation, being governed until it does so by Robert's Rules of Order, latest edition.

Section 2

The regular meetings of the Senate shall be open to all members of the Hunter College community, and all of such members shall have the right to be recognized under procedures to be established by the Senate.

Section 3

A quorum of the Senate and its Committees shall consist of no less than one-half of their voting membership plus one, unless otherwise prescribed in this Charter or specified under procedures established by the Senate.

ARTICLE VIII

Section 1

In any procedure adopted, the Senate shall be responsible for nominating the panel of search committee candidates and search committee Chairs from whom the College President or the CUNY Board of Trustees, as appropriate, will select the search committee and the search committee Chair. ARTICLE IX
The Founding of the Hunter College Senate in 1970

Section 1

It shall be the responsibility of the President of Hunter College to set the place and time of the first election within thirty days of the ratification (Article XIV) of this Charter, to convene the newly elected Senate for its first meeting, and to function as its Chair until the first slate of officers has been elected.

Section 2

The next order of business shall be the review and adoption of the Evening Session Council By-laws and the seating of the student representatives at-large, elected by the electoral college of Evening Session Council student members, provided such elections are found to have taken place in consonance with the approved By-laws.

Section 3

The Senate shall then proceed with the election of a Nominating Committee, so that nominations for membership on the standing committees can be made. This committee shall be composed of 4 faculty representatives, 4 student representatives, and one Chair without vote. Ties shall be reported to the Senate.

ARTICLE X

Nothing in the terms of this Charter shall be construed to prevent the continuation, or the establishment in the future, of student government and faculty organizations under instruments of governance which do not arrogate onto such bodies the exercise of functions properly mandated by this Charter to the College Senate, or any body or committee thereof.
ARTICLE XI

Section 1

It shall be the responsibility of individual departments to devise, to change as required, and – after approval by the Senate – to publish their own Bylaws, providing for a departmental policy committee or committees, a Committee on the Evaluation of Teaching, and such other committees as College and Board of Trustee By-laws may require or departmental preference may indicate.

Section 2

It is the intent that departments, given the differences in their size and variations in their programs, shall have and exercise substantial latitude in devising their policy making structures, provided that they assure by representation and schedule opportunity for participation of day, evening, and graduate students and faculty. Large departments may find it expedient to have separate departmental policy committees for undergraduate and graduate sessions, capped by an appropriate arrangement for coordination between them. Departmental policy bodies shall include equal numbers of voting faculty and student members, and there shall be one among them whose duties include that of reviewing the adequacy of departmental governance and to initiate proposals for change if deemed necessary.

Departmental By-laws shall also provide for the review of curriculum proposals. In small departments, this may be assigned as one of its duties to the Departmental Policy Committee. In larger departments, a distinct curriculum committee, or even separate committees on the graduate and the undergraduate curriculum, may be specified.

Section 3

An important departmental function is the evaluation of faculty course work, to be governed by the following basic considerations:

A. Student evaluation of faculty teaching and course handling is to be a significant factor in the professional appraisal of faculty performance for purposes of reappointment, promotion, and tenure.

B. Student evaluations of faculty should be made routinely each semester in all college courses.

C. A standing Departmental Committee on the Evaluation of Teaching, composed almost entirely of student majors in the Department but including a single faculty member with an alternate to insure faculty/student liaison within the Department, shall be responsible for the distribution of the questionnaire and the management of the evaluation in each department. Its purview is to extend to all matters of administration and interpretation of the adopted teacher evaluation procedures.

D. Each semester's questionnaire results are to be submitted to the Department Chair by the Chair of the Committee on Evaluation of Teachers for use in the duly constituted procedures of professional appraisal.

E. There is also to be a faculty evaluation of course handling, based on observation and interview of all faculty members in the Department.
F. As to non-tenured faculty:

(i) A strongly negative student questionnaire response for a faculty member for a semester is to be the basis for discussion of the results by the Chair of the department or a designee with the faculty member before reappointment for a second year.

(ii) Strongly negative student questionnaire responses for a faculty member for 5 successive semesters are to be a strongly presumptive basis for a departmental recommendation of non-reappointment of this faculty member. Such a questionnaire response record shall be the basis for a detailed review of a faculty member's prospect for further appointment by the department after consultation with the department Teaching Evaluation Committee and the faculty member.

If after such consultation the Department Personnel & Budget Committee concludes that the questionnaire responses are a valid reflection of the level of classroom competence of the faculty member, it will not recommend reappointment. If a department decides to recommend the reappointment of a faculty member with such a negative response record, the department Student Evaluation Committee shall have the right immediately to appeal this recommendation to the appropriate Dean and if necessary to the President. Pending the outcome of such appeals, any action to reappoint will be held in abeyance.

(iii) The same procedures are to be applied to untenured faculty who are being considered for reappointment with tenure.

(iv) Strongly positive questionnaire responses for a faculty member during the time periods indicated in F. (i) and (ii) above, shall be a strongly presumptive basis for reappointment of the faculty member; such reappointment may be denied by the department if it concludes that the faculty member is not demonstrating prospects of achieving professional growth within the discipline.

(v) Reappointment with tenure shall also be based on other required and significant criteria of professional accomplishments and standing.

G. As to tenured faculty:

Strongly negative student questionnaire responses for a faculty member for 5 successive semesters can be assumed to have given ample opportunity for the kind of reviews, spelled out in the preceding paragraphs of this Article.

They shall therefore be taken as a strongly presumptive basis for a departmental recommendation that the faculty member: (1) either be assigned to non-teaching duties he or she is demonstrably competent to perform; or (2) be brought up on charges of incompetence, with due recognition of all rights under law under applicable collectively negotiated contracts.

Section 4

1. The Procedure for Promotion to Full Professor will begin with nominations and requests for consideration for promotion to full professor being directed to the President of Hunter College by the date announced by the President's Office. This
date will be included in the Schedule of Promotions for Full Professors disseminated each year by the Provost's office to deans and department chairs. Nominations may be made by the Department Chair, the Department P&B, or any Full Professor. Copies of the nomination or request for consideration will be directed also to the Provost, the Dean of the candidate's respective school or division, and the Chairperson of his or her respective department.

2. When the chair of a department is a candidate for promotion to full professor, all of the chair's duties in the promotion process for all candidates for promotion to full professor shall be assumed by a chair pro tem. This includes having voice and vote on the departmental P&B, the appropriate divisional or school P&B, and the college-wide Committee on Faculty Personnel and Budget (FP&B) when such bodies consider the issue of promotion to full professor. For the purposes of this section, the Ancillary Units (including the Library), shall be regarded as a division, the FP&B Subcommittee on Personnel in Ancillary Units as the divisional P&B, and the chair of the Subcommittee on Personnel in Ancillary Units as the divisional dean. The chair will have neither voice nor vote on any P&B when it considers any aspect of the process for promotion to full professor. The chair pro tem shall be elected at the first departmental meeting after the deadline date announced by the President for receiving nominations and requests for consideration for promotion to full professor. The chair pro tem will be elected by the full time faculty of the department who would ordinarily be eligible to vote for department chair, and will need a majority vote of all such members of the department for election. Hereafter references to the chair will be understood to apply either to the department chair, if that person is not a candidate for promotion to full professor, or to the chair pro tem.

3. The departmental P&B committee will be responsible for reviewing the files, scholarship materials, and letters of outside evaluation for all the candidates for promotion to full professor within the department and to make a recommendation as to whether the candidate should be endorsed for promotion.

4. The departmental P&B committee shall compile the list of external evaluators. Although the candidate shall be invited to submit names for this list, the final determination of who shall be contacted is the responsibility of the departmental P&B committee and the department Chair.

5. The Chair of the candidate's department shall on behalf of the departmental P&B committee perform such administrative tasks as contacting outside evaluators, sending them the candidates' appropriate materials, receiving the evaluations, and transmitting them to the departmental P&B committee. The Chair shall write the Chair's report summarizing the candidate's record.

6. The departmental P&B committee shall make its recommendation to the respective school or divisional Personnel and Budget Committee via the office of the respective Dean. The candidate will be informed of the recommendation and, if negative, may elect to withdraw or to continue in the process.

7. The responsibilities of the Dean shall include, but not be limited to, scheduling meetings of the respective personnel and budget committee; scheduling interviews with candidates and the respective personnel and budget committee; duplicating the candidates' curriculum vitae, external evaluations, and any other pertinent materials; maintaining the files on the candidate; and placing candidates' publications in the Archives.
8. The appropriate divisional or school personnel and budget committee shall review all supporting documents for the candidate’s promotion. An interview before this committee may be requested by the candidate or the committee. Refusal to meet with the committee shall not be prejudicial to the candidate. However, the committee shall not refuse to meet with the candidate once such a meeting is requested in writing by the candidate. The committee may ask any member of the full-time faculty to serve as a resource in gathering pertinent information on the candidate’s relevant discipline, including members from the candidate’s department and/or school or division.

9. The appropriate divisional or school personnel and budget committee will judge whether to recommend or not recommend each candidate falling within its purview. The committee will vote by secret ballot and minutes of the meeting shall be kept pursuant to Robert’s Rules, newly revised. All affirmative recommendations must be by a majority of the committee. The Dean shall transmit a report of the committee’s recommendations to the President and Provost’s Offices indicating those candidates recommended and those candidates not recommended. Each candidate will be informed of the recommendation and, if negative, may elect to withdraw or to continue in the process.

10 The Deans of each School or Division shall transmit to the President, Provost, and the Office of Personnel for duplication and distribution the curriculum vitae, chair’s report, teaching evaluations, and external evaluations for each candidate. All members of the FP&B shall receive copies of the curriculum vitae, chair’s report, and teaching evaluations. The Deans shall receive copies of the external evaluations for all candidates and shall make them available to members of the FP&B for review. The Deans shall place all other documents, including publications, in the Archives.

11. The President shall send a report of the recommendations to all members of the FP&B prior to the meeting designated to consider promotions to full professor. At that meeting, members of the FP&B shall deliberate and vote on the FP&B recommendation to the President concerning which candidates should be recommended to the Board of Trustees for promotion.

12. The President shall review the recommendations of the FP&B and notify the candidates, in writing, who the President will recommend to the CUNY Board of Trustees for promotion to full professor. The President also has the authority to make an independent recommendation for promotion after consultation with the appropriate departmental P&B Committee and with the FP&B.

13. The President shall notify in writing those candidates who will not be recommended to the Board of Trustees for promotion. After receipt of this notification, candidates not recommended for promotion to full professor may appeal, writing directly to the President.

ARTICLE XII

Section 1

The College shall establish the office of Hunter College Ombuds Officer, providing a full-time secretary and such assistants as the incumbent may choose to staff the operation.
Section 2

Any member of the College community eligible to serve on the Senate may be nominated or may nominate herself or himself for the position of Hunter College Ombuds Officer. Such nominations shall be addressed to the Nominations Committee of the Senate which may make its own nominations as well as soliciting them from the floor of the Senate. Each candidate shall be voted on individually by a for-or-against vote, the appointment going to the candidate with the highest plurality of “for” votes, provided their number exceeds two-thirds of the number of representatives present and voting.

Section 3

The appointment shall be for a term of three years, removal from office to occur only as the result of demonstrated inability to perform the duties of the office.

Section 4

The Ombuds Officer will undertake independent investigations, in general, only if the usual procedures have proved inadequate or have been exhausted, and shall be empowered to recommend action to any officer or to any committee or organization of the College. The Ombuds Officer shall from time to time report on his or her work to the Hunter College Senate; and may otherwise publicize the results of investigations.

Section 5

The Ombuds Officer shall be responsible for causing an impartial review to be conducted of the structure and the functioning of the College Senate at the end of two years of operation, with a view to recommending such changes in structure, functions, operations, by-laws and the like as this review of Senate experience may indicate.

ARTICLE XIII

Section 1

Amendments to the Charter may be proposed for referendum by a three-fourth majority of the Senate members present and voting at any meeting, regular or special, provided that the text of the proposed amendment has been submitted in writing to the Senate membership no less than ten days prior to such meeting. To be approved, amendments shall require a majority vote in each constituency, faculty and students, with no less than 30% of each voting.

Petition for amendment may be filed either by 20% of the Senate membership or by 10% of either the student or the faculty voting constituency.

Section 2

This section is an amendment to Section 1 of Article XIII and, preserving the spirit of equity regarding sessional representation of students and faculty, governs the possible amendment of all articles of the Charter except the total percentages of the faculty, student, and administration representation as set forth in Article III, Section 1.
A. An amendment may be proposed by the Charter Review Committee or by written petition to the Administrative Committee bearing the signatures of not less than 20% of the Senate members or 200 members of the Hunter College community.

C. The City University of New York - Appointment of Joy Connolly as Distinguished Professor at The Graduate Center:

WHEREAS, Professor Joy Connolly is an internationally recognized classicist whose interdisciplinary interests span ancient rhetoric, Latin and Greek imperial literature, ancient and modern political thought, feminist theory and the classical tradition; and

WHEREAS, In addition to her widely acclaimed books, State of Speech: Rhetoric and Political Thought in Ancient Rome (2007) and Life of Roman Republicanism (2014), she has published 27 articles and book chapters, 37 reviews and short essays, and made over 30 conference presentations and 24 invited lectures since 2008; now therefore be it

RESOLVED, That the Board of Trustees of The City University of New York appoint Joy Connolly as Distinguished Professor of Classics at The Graduate Center effective April 1,
2018, with the compensation applicable to this title to take effect upon her return to the faculty from her current administrative position.

**EXPLANATION:** As one of her reviewers notes, Connolly's "writings in disparate fields collectively form part of an intellectually coherent and ongoing project, where ancient texts and reflection on them offer a vehicle for the development of a new and living political theory." One reviewer notes, "Her record of publication and of involvement in the Classics profession would be exemplary if she had not simultaneously been so actively involved in administration for the last ten years." As another review points out, not only is she "one of the most brilliant Latinists working at this moment" who is expert in the ways of traditional philology, but she has used her skills to create an entirely new field of scholarly inquiry: political theory in the Roman republic. She has uncovered genuine, even compelling political thought in Cicero's rhetorical treatises where no one thought to look for it. Her work is a brilliant example of how theory and reading across disciplines can produce new knowledge, even from oft-read texts.

Since 2016, Dr. Connolly has served as Provost and Senior Vice President and Professor of Classics at the Graduate Center. From 2012 to 2016, Dr. Connolly was Dean for the Humanities at New York University, where she joined the faculty as an Assistant Professor of Classics in 2004. She also served as Assistant Professor of Classics at Stanford University from 2000 to 2004 and the University of Washington from 1997 to 2000. Connolly earned her Ph.D. in Classical Studies from the University of Pennsylvania in 1997.

The Graduate Center and The City University of New York will be well-served by Dr. Connolly’s appointment as Distinguished Professor.

### 7. COMMITTEE ON FACILITIES PLANNING AND MANAGEMENT:

Trustee Sandra Wilkin reported that at the February 26, 2018 meeting of the Committee Facilities Planning and Management, the Committee approved one resolution. One additional resolution was added subsequent the meeting, and she recommended their approval by the Board.

Moved by Trustee Wilkin and seconded by Trustee Mayra Linares-Garcia, resolutions 7.A. and 7.B. were unanimously adopted:

**A. Baruch College - Amendment to the Architectural Services Contract for the Renovation of the Field Building at 17 Lexington Avenue:**

RESOLVED, That the Board of Trustees of The City University of New York requests that the City University Construction Fund amend the previously approved contract by
the Board of Trustees of The City University of New York at the meeting of December 8, 2008, (Cal. No. 3.A.), for the execution of a consultant contract with the firm of Davis Brody Bond Aedas for professional design and construction-related services as required for the renovation of 17 Lexington Avenue, CUNY Project No. BA-CUCF-01-08. The amendment is to authorize an increase in the approved amount from $13.5M to $14.75M. The total contract cost shall be chargeable to the State Capital Construction Fund. The contract amendment shall be subject to approval as to form by the Fund’s General Counsel.

EXPLANATION: During the construction phase unanticipated field conditions needed to be addressed by the design team so as to not delay the construction schedule. These services were not anticipated as part of the agreement with Davis Brody Bond Aedas.

B. Hunter College - New Dorm at 334 East 79th Street:

RESOLVED, That the Board of Trustees of The City University of New York authorize the General Counsel to enter into a new 30 year leasehold condominium transaction, along with any associated agreements, for a 165 bed dormitory at 334 East 79th Street, New York, New York, on behalf of Hunter College. The transaction documents shall be subject to approval as to form by the University Office of General Counsel.

EXPLANATION: Hunter College currently offers three housing options to its students: 48 beds at East 92nd Street pursuant to a contract with the YMCA, 99 beds in a large dorm facility on East 97th Street pursuant to a contract with the property owner, and 672 beds at Hunter College’s Brookdale Campus. The University negotiated below market rates on the contract transactions due to market conditions at the time those transactions were signed. When those contracts expire, between June 2018 and June 2022, the costs of those beds will increase significantly as the rates will reset to market. So there is a dire need to replace those contract beds on a permanent basis.

The property at 334 East 79th Street is an 8 story, 32,886 gross square foot residential building midblock between Second and First Avenues on the Upper East Side. The building features a spacious lobby and waiting room, an elevator, a common laundry room in the basement with brand new machines, and an outdoor area. The Building’s one to three bedroom duplex and triplex apartments have been converted for dormitory use and feature hardwood floors, large open kitchens, updated bathrooms, high ceilings, and stainless steel appliances.

The property owner is willing to enter into a unique 30 year “leasehold condominium” ownership structure with the University for the entire property. The leasehold condominium ownership structure provides the University with an ownership interest in the entire property for the 30 year term of the transaction. The University’s ownership interest in the property will result in reduced occupancy costs since the University is a
tax-exempt entity. The savings to the University in real estate tax payments are estimated to be at least $364,000 dollars per year. As a result, the occupancy costs for the 30 year term of the transaction will be extremely advantageous to the University and will allow Hunter College to provide below market rate beds to its students.

The annual occupancy costs will start at $2,332,122 ($70.92/PSF) and will increase by approximately 2.2% every year. The property owner will be responsible for exterior, structural and HVAC repairs as well as capital improvements and regularly scheduled replacement of furniture. The University will be responsible for cleaning, security and student services.

The University strives to identify and provide affordable quality housing options as part of its mission to provide affordable quality education. The leasehold condominium structure at 334 East 79th Street will enable Hunter College to provide affordable quality student housing within walking distance to Hunter College’s campus with price and location stability over the next 30 years while generating sufficient revenue to cover all costs for the project.

Moved by Chairperson Thompson, Jr. and seconded by Trustee Clarke, the reconvened public session was adjourned at 7:17 p.m.
