Chairperson Thompson stated that the Board also held its Queens Borough Hearing on
Wednesday, April 19, 2017. He had the pleasure of chairing this hearing and was joined by UFS
Chair and Trustee Conway, USS Chair and Trustee Onyejiukwa, Queens Borough President

available in the Office of the Secretary.

Chairperson Thompson stated that on March 10th, he had the pleasure of attending the final
judging of Governor Andrew Cuomo's “Making College Possible Coding Challenge” competition
at Facebook. Students from CUNY and SUNY were invited to build a mobile app or website to
share information about Governor Cuomo's Excelsior Scholarship. As part of the final judging,
five teams from a group of 70 teams pitched their products to a panel of New York's business
and technology leaders, who selected the final winning submission. Two of the five finalist
teams were from Queens College and not only did Team Knight from Queens College win the
overall competition but Team Fast Pass came in second! Each team was presented with a
$2,000 check. Team Knight's app—“A Better Tomorrow” connects students with available
scholarships and grants and will be used to promote the Excelsior Scholarship. Chairperson
Thompson asked each of these teams to please stand so the Board can publicly celebrate their
tremendous accomplishment.

Chairperson Thompson stated that during the weekend of March 24th through March 26th,
Trustees Una Clarke, Rita DiMartino, Lorraine Cortés-Vázquez, and Mayra Linares-Garcia
represented the Board at the spring 2017 Somos El Futuro Conference. Chancellor Milliken and
he hosted a luncheon at the conference celebrating the CUNY/SUNY Model New York State
Senate Session program. The program brings students into the Senate Chamber to debate a
piece of legislation—this year it was the Dream Act. As part of the luncheon activities,
Chancellor Milliken presented Assemblyman Marcus Crespo with the CUNY Distinguished
Alumnus Award. Thank you to all who participated in this important event.

Chairperson Thompson stated that on April 13th, he was joined by fellow Trustees Una Clarke,
Lorraine Cortés-Vázquez, Rita DiMartino, Fernando Ferrer, Mayra Linares-Garcia, Ken
Sunshine, Sandra Wilkin, and Chika Onyejiukwa at LaGuardia Community College as Governor
Cuomo was joined by Secretary Hillary Clinton to sign into law his groundbreaking Excelsior
Scholarship providing free tuition to qualified students, making New York a national leader in
widening access to quality higher education. This investment in CUNY students and the state
will pay dividends for years to come.
Chairperson Thompson stated that last week, Governor Cuomo made another investment in CUNY, announcing more than $520 million in energy efficient upgrades at 19 CUNY campuses. Coinciding with Earth Week, the energy-savings measures will reduce environmental impacts and operating costs while helping the University reach the Governor's statewide energy goals to build a clean energy future.

Chairperson Thompson stated that he would be remiss if he did not acknowledge one of his colleagues who also happens to be the Budget Director of the State of New York, Trustee Robert Mujica. Thank you for your help during the budget process for CUNY.

**CHANCELLOR’S REPORT**

Chancellor Milliken opened up his report by stating that he has conveyed in past meetings the thinking behind the new vision for CUNY’s future, the strategic framework, and today he is delighted to say that the University is entering the implementation phase on numerous fronts.

There is growing momentum, and a growing sense of optimism for how CUNY’s efforts will impact the people it cares so much about—the 275,000 degree-seeking students and over 250,000 adult and continuing ed students, as well as the city and the state, both of which invest in this University and receive such rich returns. True to the mission of CUNY—which turns 170 years old this month—the initiatives and especially the support from the state and the city are helping to expand access, increase the quality and focus of the education that is provided, and improve affordability. Most of all, CUNY is adding significantly to the single most important asset the University can provide—opportunity—to the most diverse and most talented student bodies in the country.

One clear reason for optimism is the increase in CUNY applications this spring. The University will not have final enrollment numbers for some time but the jump in applications overall and large increases in some college’s applications demonstrate the importance of the educational opportunities CUNY offers. It is a good sign and the University expects continued progress.

The central administration was delighted with the strong commitment to higher education in this year’s State budget. Governor Cuomo offered a strong budget with significant support for CUNY, with tuition support, funding for an array of important programs, the staff, and critical maintenance for facilities. Of course, there could hardly have been a stronger statement of his belief in the importance of higher education to the State’s prosperity and future than his Excelsior Free Tuition Program. It is now being implemented across the University and a significant number of mostly middle class students are expected to benefit from this farsighted investment by the state.

The chancellery has moved swiftly ahead in identifying superb candidates for a number of leadership positions and expects to be presenting them to the Board soon. They bring a wealth of experience and talent and everyone will be just as excited about how much CUNY expects them to contribute.

The University is making a significant advance in access by implementing this spring an important series of reforms in its remediation programs. Typically about eighty percent of the incoming community college students tested into remedial education.
With careful evidence-based assessments, the University is redesigning its efforts, and as they are phased in CUNY, expects major increases in the number of students who will move into college credit bearing courses. Of course, the academic standards have not changed, and the students will still satisfy the same degree requirements guaranteeing unwavering quality, but it is clear that more students will be able to move more swiftly toward completion, particularly students from underrepresented groups.

In another important initiative that will expand access and accelerate degree progress for the students, CUNY has moved forward on parts of its significant expansion for offering online degree programs. The University has issued an RFP and has received very strong interest in a technology partner for the programs. This will bring in a partner who will provide expertise, a technology platform, and branding expertise so that CUNY faculty who are interested will be able to create online courses and programs of consistent quality and design for success for the students. The central administration is confident that there will be great interest in the offerings.

In addition, CUNY has moved forward on a complex administrative excellence program. This is a comprehensive redesign of the administrative operations that will, as it is phased in, improve the services that are provided to the CUNY colleges, remove unnecessary administrative steps and, not least, save tens of millions of dollars a year, freeing up funds that can be invested in the classroom and on the University's highest priorities.

There will be much more to report on these advances in the coming months but let me conclude by pointing out that CUNY is moving into the commencement season that will put on display just what these investments support. The students and the faculty have won an extraordinary number of distinctions this year in fields ranging from poetry to biology. These distinctions are a tribute to the guidance this Board and its colleagues provide in establishing effective policies and strategies, and most of all, it is a tribute to the drive, creativity, and talent of the students at The City University of New York.

Chairperson Thompson stated that he would like to report on the first meeting of the Audit Committee. The creation of an Audit Committee was approved at the last Board meeting on February 21st, and the first meeting was held on March 29th. The Audit Committee reviewed the Uniform Guidance Report presented by KPMG, the University’s external auditors. The report is an annual report on compliance for major federal programs which this year primarily related to federal financial aid and residual FEMA disaster relief expenditures for Superstorm Sandy. KPMG issued an unmodified or clean opinion with no findings. Senior Vice Chancellor and Chief Financial Officer (SVC&CFO) Matthew Sapienza filed the report with the federal government by the March 31st deadline.
CHANCELLOR’S UNIVERSITY REPORT: Chairperson Thompson called for a motion to accept the Chancellor’s University Report for May 1, 2017, which was seconded by Trustee Una Clarke. He asked if there were any amendments. Upon hearing none, the following resolution was unanimously adopted by the Board:

1. Chancellor’s University Report:

   RESOLVED, That the Chancellor’s University Report for May 1, 2017 (including Addendum and Errata Items) be approved.

APPROVAL OF MINUTES: Chairperson Thompson called for a motion to accept the minutes of the regular Board meeting of February 21, 2017, which was seconded by Trustee Rita DiMartino. He asked if there were any amendments. Upon hearing none, the following resolution was unanimously adopted by the Board:

2. Approval of Minutes:

   RESOLVED, That the minutes of the regular Board meeting of February 21, 2017 be approved.

3. COMMITTEE ON FISCAL AFFAIRS:
Vice Chairperson Barry Schwartz reported that the Committee on Fiscal Affairs (CFA) met on April 3, 2017. After approval of the CFA minutes of the February 6, 2017 meeting, the Committee addressed the policy items on the agenda. With no more items on CFA’s agenda, the meeting was adjourned, and the Subcommittee on Investment (SCI) was then convened. The Subcommittee proceeded to approve the minutes of the November 29, 2016 meeting, and after further discussion, SCI approved the Fiscal Year 2018 Investment Portfolio Expenditure Appropriation resolution. The Subcommittee then went into Executive Session to discuss the status of Outsourced Chief Investment Officer procurement. With no more items on SCI’s agenda, the meeting was adjourned.

Moved by Vice Chairperson Schwartz and seconded by Trustee Ferrer, the following resolution was adopted:

A. Baruch College and The City College of New York - Revised Tuition Schedule for the Master of International Affairs Degree Program:

   RESOLVED, That The City University of New York adopt a revised schedule of tuition charges for students in the Master of International Affairs Program at 115 percent of the CUNY masters base tuition effective with the Fall 2017 semester. The dollar figures for fall 2017 are detailed below:
EXPLANATION: The proposed tuition increase of $580 per semester for full-time, $50 per credit for part-time resident students, and $90 per credit for full- and part-time non-resident students – or 115% of the CUNY masters base tuition – is necessary to strengthen the services to students and improve the general quality of the Master of International Affairs Programs at Baruch College and City College, the only two campuses in the system offering the degree. At present, tuition for Master of International Affairs Program at The City University of New York is among the lowest charged by any MIA program in the United States. The increased tuition revenue will be used solely for the support of the Master of International Affairs to provide scholarships, graduate assistantships, and academic program support and to create new positions in such areas as career services and academic advisement. New York State Education Law Sec. 6206 allows The City University of New York to charge differential tuition rates as long as there is no differential among like degree programs.

_USS Chair and Trustee Chika Onyejiukwa voted no._
Moved by Vice Chairperson Schwartz and seconded by Trustee Clarke, the following resolution was adopted:

B. Hunter College - School of Arts and Sciences - Academic Excellence Fee for Master of Science in Geoinformatics:

RESOLVED, That students who have matriculated in the program before Fall 2017 shall be exempt from the Academic Excellence Fee.

**EXPLANATION:** Hunter College’s Master of Science in Geoinformatics is a heavily sought after science and technology-based degree program that provides a world-class education by training the next generation of analysts, thinkers, and leaders in the field of geospatial and informational technologies. Graduates of the program are equipped with a skillset that enables them to work both in upper management and in high level technical positions. The program meets a growing demand for scientists trained in the collection, organization, analysis, and dissemination of geospatial data and, therefore, provides a major competitive advantage to the graduates of the program.

The Academic Excellence Fee will enable Hunter College to enhance the market position of the program, and to improve and sustain the advanced high speed computer labs and quality of the course offerings in this highly technical and competitive field. The Academic Excellence Fee will provide additional resources including licenses for students’ use of a cloud-based platform for computing, state-of-the-art GIS software, an accelerated computer replacement cycle for GIS teaching labs, competitive salaries for
the hiring of adjunct instructors with significant professional experience, and support
guest speakers and panels of GIS professionals to further students' professional
networks. Even with the Academic Excellence Fee, the program will still be well-
positioned to compete nationally with other Master-level GIS programs. This unique
blend of quality education at a relatively low cost positions Hunter College to attract a
diverse and exceptional student body. The College will continue to administer financial
aid to assist students with the completion of their studies, and to bear the basic
operating cost of GIS computer facilities.

EXPLANATION: The proposed tuition increase will enable the DPT Program at Hunter College and College of Staten Island to improve the general quality of the DPT Program and strengthen the academic curriculum and services offered to the students. Current tuition is significantly less than all other doctor of physical therapy programs in New York State. Even with the proposed tuition increase, the DPT Program will offer the most affordable DPT Program tuition rates in New York State. The increased tuition revenue will be used solely for the support of the DPT Program and will be returned to the participating campuses of the DPT Program (Hunter College and the College of Staten Island) to enable them to provide direct support to the DPT Program including paying for laboratory expenses, increasing faculty to student ratios, development of and support for additional clinical sites, development of clinical scholars program, and enhancing specialized support for student research and learning experiences. The current admitted cohorts will progress though the DPT Program at the current differential rates. The proposed tuition increase streamlines the tuition schedule for this clinical program by eliminating level two tuition charges.

**D. The Central Office - CUNYfirst Interim Hosting Services:**

RESOLVED, That the Board of Trustees of The City University of New York authorize the General Counsel to execute a three-year contract on behalf of the Office of the University Controller for CUNYfirst application hosting services for $29,263,100. The contract shall be subject to approval as to form by the University Office of General Counsel.

EXPLANATION: The current CUNYfirst application hosting services contract will end on May 15, 2017, and in order to avoid interruption of CUNYfirst application hosting
services, the University is entering into an interim contract with Sierra-Cedar, Inc., the subcontractor that is currently providing the hosting services through our contract with Oracle. The University will enter into a three-year contract directly with Sierra-Cedar, Inc. for a cost not to exceed $29,263,100. During the term of the contract, Sierra-Cedar will provide hosting services for CUNYfirst, equipment upgrades, application management and related services including services to support the implementation of a critical system upgrade, and services necessary for the migration of the CUNYfirst systems to a new vendor. A solicitation for CUNYfirst application hosting services was issued in July 2014, but a contract was not able to be awarded. The Office of the State Comptroller approved the plan to enter into an interim contract with Sierra-Cedar, Inc. subject to final review of the contract. A three-year contract term is necessary so that, prior to the expiration of the interim contract, system technical infrastructure updates and the critical system upgrade can be completed, followed by the issuance of a competitive solicitation and selection of a vendor for hosting services, followed by migration of hosting services to a new vendor.

Moved by Vice Chairperson Schwartz and seconded by Trustee Ferrer, the following resolution was presented and opened for discussion:

E. The City University of New York - Investment Portfolio Expenditure Appropriation:

RESOLVED, That the Board of Trustees has determined, in accordance with CUNY’s Spending Policy (which is Exhibit B to the Investment Policy), that it is prudent and appropriate to maintain an appropriation of 4.5% for the funds in the Portfolio for the fiscal year ended June 30, 2018. The Board Subcommittee on Investment reserves the right to reconvene at any point during the fiscal year to review the expenditure appropriation and make any appropriate revisions.

EXPLANATION: The CUNY Portfolio is a pooled investment vehicle for multiple individual accounts that include both endowed and non-endowed funds received by CUNY for its general purposes, funds received by CUNY for the benefit of a specific CUNY College and funds belonging to one or more of the College Foundations that have chosen to invest in the Portfolio. CUNY’s policies and procedures with respect to spending from the Portfolio shall comply with the New York Prudent Management of Institutional Funds Act [NYPMIFA]. Decisions with respect to spending from CUNY Funds in the Portfolio shall be made by CUNY’s Board of Trustees on recommendation from the CUNY Subcommittee on Investment (the “Subcommittee”). Decisions with respect to spending from College Foundations invested in the Portfolio must be made by the respective foundation boards, though each is asked to consider, to the extent possible and prudent, the spending rate of the Portfolio in order to preserve the long-term value of the funds in the Portfolio.

In making any recommendation or decision to appropriate funds, the Subcommittee and Board must act in good faith with the care that an ordinarily prudent person in a like
position would exercise under similar circumstances. Also, to ensure compliance with NYPMIFA, CUNY Funds in the Portfolio are categorized into groups of similarly situated funds according to purpose. The Subcommittee reviews the categories and the composition of each group to ensure the Funds are properly classified. It then deliberates on the prudence of the spending rate for each of the categories based upon the eight prudence factors mandated by NYPMIFA, and listed in Exhibit B Subsection 1A of this Policy, prior to making its recommendation to the Board for the next fiscal year.

Statement of USS Chair and Trustee Onyejiukwa
I was not able to attend the last SCI meeting but would like to thank Shaina Yasin, the student representative, as she reported back to me that the Committee allowed her to present a resolution from the USS for CUNY’s divestment from fossil fuels, and Senior Advisor to the Chancellor and Secretary of the Board Gayle Horwitz for distributing it.

As the Board votes on the CUNY Investment Portfolio, the USS continues to have the conversation as to the serious effects that the University’s fossil fuel investments may have. Today, thousands are marching across the world for May Day for issues such as these. I think that the Board can agree that there is overwhelming evidence that speaks to the fact that fossil fuel has a harmful effect on the environment. On April 9th, following the Board’s Committee meeting, the CUNY USS plenary unanimously adopted the CUNY Divestment resolution. This is the fourth time the USS adopted this resolution. This resolution calls on CUNY to withdraw its investments from carbon polluting companies, which impact citizens’ ability to live a healthy life. This matter has been brought to the administration’s attention a few times over the past couple of years, and I would like to read the following resolution for inclusion in the minutes.

WHEREAS, In the Spring semester of 2013 at the City University of New York (CUNY) a group of students (hereinafter CUNY Divest) organized a campaign calling on CUNY to divest its endowment from fossil fuel, at the request of CUNY Divest, on October 20, 2013, the CUNY University Student Senate (USS) adopted the USS Green Initiative CUNY Divestment from Fossil Fuel (Resolution) USS adopted a resolution in 2014 and 2015 reaffirming its position, calling on CUNY to divest from fossil fuel; and

WHEREAS, USS recognizes that need for immediate action regarding the climate crisis, and

WHEREAS, On September 8, 2014, the Board of Trustees Committee on Fiscal Affairs discussed the idea of fossil fuel divestment; and

WHEREAS, The September 8th committee meeting, a representative from Cambridge Associates, the investment consulting firm for CUNY’s long-term investment pool, stated that Environmental Social Governance (ESG) mandates “are always set by the clients themselves.”; and

WHEREAS, Cambridge Associates also stated that they “have a strong internal mission related investment practice…that works with clients on all ESG issues including climate change…with
the help of this group we can implement almost any mandate including fossil fuel free mandates; and

WHEREAS, CUNY, as the client, can set fossil fuel free mandates; and

WHEREAS, The CUNY Board of Trustees have approved divestment before on two occasions, once in 1984, divesting from companies doing business in Apartheid South Africa, and again in 1991 when they divested from Tobacco Companies; and

WHEREAS, On September 21, 2014, People’s Climate March’ events were held in over 166 countries, including the United States; and

WHEREAS, CUNY students participated in New York City’s “People’s Climate March” to demand the immediate action on climate change; and therefore be it

RESOLVED, That CUNY USS calls on the CUNY Board of Trustees to divest the long term investment pool from the top 200 dirtiest carbon polluters; companies which hold the vast majority of the World’s proven coal, oil, and natural gas reserves, and reinvest these divested funds into renewable and sustainability-minded companies promoting solutions to climate change.

In conclusion, the USS understands that the funding gained from CUNY’s investment portfolio is used to offer student scholarships, but the students believe that life on Earth should be the University’s foremost priority. The University of California (UC) is one of many public higher education institutions that has already committed to divestment. In March of this year, UC divested over $100 million. As the largest urban university in the country, CUNY has an obligation to make a commitment that will protect the lives of the students and their families, and that the Board adopt a plan to divest CUNY’s portfolio from carbon polluters to create a sustainable living environment.

Chairperson Thompson asked for a vote. Cal. 3.E. was adopted. USS Chair and Trustee Onyejiukwa voted no.

4. COMMITTEE ON ACADEMIC POLICY, PROGRAMS, AND RESEARCH:
Trustee Wellington Chen reported that at the April 6, 2017 meeting of the Committee on Academic Policy, Programs, and Research, the Committee approved the following resolutions, and he recommended their approval by the Board.

Moved by Chairperson Thompson and seconded by Trustee DiMartino, the following resolutions were presented and adopted:
A. Brooklyn College – M.M. in Global and Contemporary Jazz:

RESOLVED, That the program in Global and Contemporary Jazz offered at Brooklyn College and leading to the Master of Music, be approved effective May 1, 2017, subject to financial ability.

EXPLANATION: The M.M. in Global and Contemporary Jazz Studies program will address the growing field of jazz and world music with a degree program that addresses our graduate students’ needs for productive professional lives in this growing field. The goal of the program will be to offer advanced training in jazz performance, history, arranging/theory, pedagogy, technology, and music industry practice. The program’s unique focus will be on the intersection of various forms of jazz originating in the United States with the music of Africa, Latin America, the Caribbean, the Mid-East, and southern Asia. In addition to offering traditional approaches to jazz performance practice, theory, and history, our global scope will emphasize rhythm configurations, tonal systems, and improvisation practices not associated with European-based music.

B. Medgar Evers College - Establishment of the Department of Social Work:

RESOLVED, That the Department of Social Work be established at Medgar Evers College, subject to financial ability, effective August 25, 2017.

EXPLANATION: The Social Work faculty are currently housed in the Department of Social and Behavioral Sciences. The professional program in which these faculty teach, the BS in Social Work, is decidedly different from the liberal arts offerings of the department and its curriculum is very much driven by licensing and accreditation requirements. The College has already approved two searches commencing in late Summer 2017 for full-time social work faculty. One position is to replace an unexpected early retirement and the other is to support the 50% increase in enrollment in the degree program, bringing the total number of full-time faculty to five. The program director is expected to become the chair of the new department and the faculty already have their own support staff member, so there will be no additional cost to the college to establish this new department.

C. Honorary Degrees:

RESOLVED, That the following honorary degrees, approved by the appropriate faculty body, the college president and recommended by the Chancellor, be presented at the commencement exercise as specified:

EXPLANATION: The Program authorizes the creation of tax-free zones on eligible university campuses in New York State for new and expanding businesses. Under New York State law five CUNY campuses, including Medgar Evers and York Colleges, have been designated by the Board to participate in the Program. CUNY campuses other than the five designated by the Board may apply to host tax-free zones in competition with other universities.

Tax-free zones may be located within eligible College campuses, affiliated business incubators, and certain off-campus space affiliated with participating Colleges. Businesses locating within these tax-free zones will be generally exempt from State taxes, and the income paid to new employees of such businesses will be fully or partially exempt from State income taxes, for a period of ten years. In order to participate in the Program, businesses must be either a start-up or a high-tech business, must create new
jobs, must not compete with any existing business within the immediate community but outside the tax-free zone, must be aligned with or further the academic mission of the host campus, and must provide positive community and economic benefits. Businesses applying to participate in the Program are subject to approval by CUNY and the NYS Commissioner of Economic Development.

The five campuses designated by the Board are permitted to include an unlimited amount of campus and affiliated space in the Program. CUNY has worked with New York State Empire State Development, which administers the Program, to solicit potential businesses on an ongoing basis, and the colleges identified these companies as offering particularly strong fits for their academic programs. Pursuant to University policy, these companies were evaluated and recommended for selection into the Program by committees of colleges and Central Office staff, and by the respective College President and the Executive Vice Chancellor and University Provost (or their designees).

5. COMMITTEE ON FACULTY, STAFF AND ADMINISTRATION:
Trustee Fernando Ferrer reported that at the April 3, 2017 meeting of the Committee on Faculty, Staff and Administration, the Committee approved the following resolutions, and he recommended their approval by the Board.

Moved by Trustee Ferrer and seconded by USS Chair and Trustee Onyejiukwa, the following resolution was unanimously adopted:

The CUNY/IATSE Local One Agreement was ratified by Local One’s rank and file membership on February 26, 2017. The CUNY/IATSE Local One Agreement is consistent with the economic terms of the collective bargaining agreement reached with CUNY’s Blue and White Collar Units.

B. **Brooklyn College - Amendments to the Governance Plan:**

RESOLVED, That the proposed amendments to the Governance Plan of Brooklyn College be adopted, effective May 2, 2017.

EXPLANATION: The proposed amendments to the Governance Plan of Brooklyn College (“the College”) were approved by the College’s Council on Administrative Policy on May 5, 2016 and by the College’s Policy Council on December 9, 2016, and are recommended by the College President.

The amendments revise language to make it clear that the schools’ academic deans hold a “discussion” with potential candidates as part of the faculty promotion and tenure process, but the deans do not “interview” the candidates. They also add an administrative title –associate vice-president—to the CAP and Faculty Council to reflect the creation of this title and appointment of an administrative official to that position.

Finally, the proposed amendments incorporate minor editorial changes to clarify the Plan’s provisions.

**NOTE:** A red-lined version of the changes may be obtained from the Office of the Secretary of the Board of Trustees upon request.

Each body shall be governed by its own constitution, subject to the provisions of this governance plan and the Bylaws and policies of the Board of Trustees.

B. These organizations shall have authority in areas relevant to student extra-curricular activities at the college. Their powers shall include:
1. 2. The power to delegate responsibility for the effective implementation of its regulatory functions to any officer or committee which it may appoint. Any aggrieved student or group whose charter or other authorization has been refused, suspended or revoked may appeal such adverse action by such officer or committee or student government to the duly elected student government. On appeal an aggrieved student or group shall be entitled to a hearing following the due process procedures as set forth in Section 15.3 of the Bylaws of the Board of Trustees. Article VIII. Amendment

Amendments to this governance plan may be initiated (a) by any constituent body or (b) by the Policy Council itself, provided such amendment does not alter the powers held by another constituent body without the consent of that body. All amendments must be approved by the Policy Council and by the president for submission to the Board of Trustees.

Amended by the CUNY Board of Trustees on January 26, 2015, effective February 1, 2015.

C. Queens College – Naming of the Molly Weinstein ’77 Seminar Room:

RESOLVED, That the Board of Trustees of The City University of New York approve the naming of the “Molly Weinstein ’77 Seminar Room” to be located in Room 304 of Powdermaker Hall at Queens College.

EXPLANATION: Molly Weinstein earned her M.A. in Philosophy in 1977 as a student in the Adult Collegiate Education (“ACE”) program. Mrs. Weinstein returned to Queens College as an adjunct instructor in philosophy and religious studies, instructing and inspiring students from 1978 until her death in 1990.

In 2000, Molly Weinstein’s son, David C. Weinstein, and his family established the Molly Weinstein Memorial Prize, which is awarded to meritorious graduating seniors who intend to pursue a career in college teaching.

Since the creation of the Molly Weinstein Memorial Prize, David C. Weinstein has contributed $136,900 in gifts to the Queens College Foundation, with a stated intention to continue to make annual gifts toward the Memorial Prize.

In recognition of Molly Weinstein’s contribution to the College and the generosity of her son, David C. Weinstein, the College requests the approval to name the “Molly Weinstein ’77 Seminar Room.”

Report of Faculty, Staff and Administration Committee Chair Ferrer

I would like to share with the Board a brief summary of the third quarterly report to the Committee on Diversity and Inclusion at CUNY, prepared by Vice Chancellor Gloriana Waters' office. The report focused on staff in the major job groupings other than faculty, a total of 11,810 employees representing sixty-one percent of the total University workforce. From July 30, 2016 through February 1, 2017, there was a six percent decline in the executive managerial group and an eleven percent drop among the professional non-faculty ranks. With the exception of secretarial clerical ranks, other job groups declined as well. These numbers may reflect vacancies that occurred during the fall term and are being filled in the spring. Vice Chancellor Waters' office is conducting a comprehensive analysis to identify the reasons for the decline in staff members. Her office also advised the Committee that longitudinal data is now available regarding individuals with disabilities and veterans employed by the University. This information will set the stage for future targeted recruitment strategies in these categories. Once again, however, the Committee found that although many colleges are doing well in their efforts to diversify their workforces, more can and must be done, including holding all who are involved in search processes accountable for promoting diversity and equity at CUNY. Finally, I would like to commend Vice Chancellor Waters and University Dean Arlene Torres of the Office of Recruitment and Diversity, for their sponsorship of the very successful CUNY Faculty Diversity
Conference on March 31st. In that vein, I heartily commend Chancellor Milliken on his appointment of a Presidential Taskforce, whose purpose is to identify impediments to greater faculty diversity and to recommend policy changes to promote it. The next Quarterly Diversity Report will be in June.

6. COMMITTEE ON FACILITIES PLANNING AND MANAGEMENT:
Trustee Brian Obergfell reported that the Committee on Facilities Planning and Management met on April 6, 2017. 8. John Jay College of Criminal Justice - Appointment of President:

Chancellor Milliken stated that it is his distinct honor and personal privilege to recommend to the Board of Trustees the appoint of Karol V. Mason as the fifth President of John Jay College of Criminal Justice. Ms. Mason has had a distinguished career in private legal practice and government service, where she has demonstrated a commitment to values that are at the heart of John Jay College and the University, equal justice and fairness under the law, and support for those who have been marginalized in particular. She has also been deeply involved in higher education as a university trustee. I recommend her as a proven leader who will certainly be an inspiration to CUNY students and take this superb college to great new achievements.

Chairperson Thompson stated that he would like to thank the chairman of the Search Committee, Charles Shorter, and the entire Search Committee for their hard work and dedication in finding such a thoughtful and innovative leader to lead a new era at one of the country’s premier criminal justice and liberal arts institutions. Thank you all!

Trustee Chen read the following resolution:

RESOLVED, That the Board of Trustees of The City University of New York approve the appointment of Karol V. Mason as the President of John Jay College of Criminal Justice, effective August 1, 2017 at a compensation to be recommended by the Chancellor to the Board, subject to financial ability.

EXPLANATION: The Search Committee, Chaired by Trustee Charles A. Shorter, at the conclusion of an extensive national search, recommended three finalists for the presidency of John Jay College of Criminal Justice. The Chancellor is recommending Karol V. Mason as President. Ms. Mason was most recently the Assistant Attorney
General for the Office of Justice Programs at the Department of Justice from June 2013 to January 2017. Previously she served as Deputy Associate Attorney General from April 2009 to February 2012. Ms. Mason also spent almost three decades at Alston & Bird, LLP, a major national law firm, where she chaired the Public Finance Group and was elected to the position of Chair of the Management Committee, the first African American woman to hold such a position in any major national law firm. In addition, Ms. Mason was a Member of the Board of Trustees of the University of North Carolina at Chapel Hill from 2001 to 2009 and Vice Chair of that Board from 2007 to 2009.

Chairperson Thompson asked for a vote. Cal. 8 was adopted.

Chairperson Thompson stated that he would like to congratulate Ms. Karol Mason, the new President of John Jay College, and that he looks forward to working with her.

Statement of Karol Mason, Esq.
Thank you for the opportunity to serve as the next president of John Jay College of Criminal Justice, following in the shoes of current President Jeremy Travis. I was drawn to this opportunity to be part of the John Jay College family because of the high quality of work that I have seen emanate from the College over the past eight years. John Jay College's goals and mission mirror my own philosophy and passions.

For the past three and a half years, I had the privilege of serving as the Assistant Attorney General for the Office of Justice Programs at the U.S. Department of Justice. From this experience, I learned that in order to see long-term positive changes that result in opportunities for all people to lead successful and productive lives, especially those often marginalized and most in need, partnerships and leveraging resources across systems are critical, which is why it is such a joy to become part of the CUNY system. John Jay College has been a leading partner on the national level in addressing so many of the inequities in the criminal justice system. More importantly, the College has been training the next generation of the country's leaders in the criminal justice arena and well beyond.

I am a strong believer in the importance of a liberal arts foundation. The ultimate goal of any institution of higher education is to prepare its graduates to be nimble and adaptable in order to succeed in a rapidly changing world. Because of John Jay College's criminal justice focus, it has the added advantage of exposing thousands of students to the principles of justice, equity, and fairness which will inform their lives whether they ultimately work in the criminal justice system or pursue other careers. The College is educating students, many of whom are the first in their families to attend college, to be critical players in society, with an understanding that access to education, healthcare, and jobs are critical to the success of communities. From the students, who I have had the pleasure of meeting, John Jay College is excelling in its goal of developing fierce advocates for justice on all levels.
John Jay College has the opportunity to raise its already high profile to another level nationally and internationally by serving as a leading voice and convener in bringing others together to focus on years of research to address the inequities in the criminal justice system and to be the leaders in improving the state of forensic science and cyber security. Through strategic partnerships with the students and faculty, other researchers, think tanks, and other advocacy groups, the College has the opportunity to continue the progress that this country has already made in so many areas: (i) creating opportunities for those leaving the prisons and jails to succeed, (ii) ensuring that all young people receive the support that they need in advance to be successful, and (iii) linking across systems, using a public health approach, to ensure that communities are safe, healthy, and happy.

For the past eight years, the Presidential Administration was focused on building the capacity of neighborhoods and communities to partner more effectively with the federal, state and local governments, philanthropic partners and their business communities. This country no longer has a government focused on these goals, but the roadmap to success is not dependent on federal government leadership. Continued progress toward justice involves an investment of time, and a long-term commitment from research works. It involves a will to realign systems in ways that support the success of those in need, and it involves a commitment to continue to test new approaches and carefully evaluate and learn from the results, whether positive or negative.

John Jay College is positioned to be the leader CUNY needs to make sure that it remains focused on advancing justice for those most in need. I am excited to be part of the John Jay College family, as well as the CUNY family, as it creates pathways for success for young people across this country, the city, and the state. Thank you for this wonderful opportunity.

Moved by Chairperson Thompson and seconded by Trustee Clarke the reconvened public session was adjourned at 5:56 P.M.
