CUNY
Federal Work-Study Program

FACT SHEET

The Federal Work-Study Program is a federally funded self-help program designed to help needy eligible students pay for their college education. Students receiving a Work-Study award are given the opportunity to work in public or private non-profit agencies.

Requirements for non-profit agency participation in Federal Work-Study Programs:

The Agency must:

• Be a not-for-profit, non-partisan and non-discriminatory public or private organization;
• Have full time professional staff; and
• Provide a significant public service.

Philosophical Responsibilities:

The agency is responsible for:

• Training and supervising the student’s activities and ensuring that the work is performed satisfactorily
• Helping students gain some educational experience from his/her employment.

Fiscal Responsibilities:

The agency has three main fiscal responsibilities:

• To reimburse the City University for an amount equal to forty percent (40%) of the student’s wages*
• To reimburse the University for the entire employer’s share FICA (currently 7.65%)
• To provide Workers’ Compensation Insurance coverage for all students who work for the agency under the CUNY Federal Work-Study agreement. The agency takes care of this directly with its Workers’ Compensation Insurance Carrier.

Agency Record Keeping:

• The agency should keep a copy of the student’s copy job referral and a copy of each invoice received from the University. It must keep copies of the student’s time sheet for a period of three years.
• The agency is not responsible for reporting the student’s withholding taxes (income and FICA) to the government. The University does this reporting and also furnishes the student with his/her W-2 Form.

*If agency has and qualifies for a literacy and/or math program, the 40% matching may be waived.
