CUNY Tutor Corps Summer Program

CUNY Tutor Corps is excited to recruit for our upcoming 2019 summer programs: Summer in the City, and Extended School Year (ESY). We are hiring tutors for 19 hours per week (4 days), and pay $17 per hour.

Summer in the City
Summer in the City is a STEM enrichment program. Tutors will help students use tools for hands-on activities. SITC is different from a classroom experience, and is more similar to a summer camp. There will be one school location in each of the five boroughs, with one additional school in Far Rockaway.

Extended School Year (ESY)
ESY is a program for students who have special needs, and who have been designated for an extended school year through the summer. Students participate in classes in a variety of subjects. Tutors will be placed at a school in upper Manhattan or the Bronx.

Tutors with ESY will also have the opportunity to enroll in a FREE 3-credit course at Lehman dedicated to learning about students with special needs. Tutors in education programs are encouraged to apply!

Important Dates
Application deadline: May 17, 2019

Dates of Program: June 17-August 8, 2019 (Monday through Thursday, including one week of paid training)

Eligibility
To qualify, you must:
- Have at least a 3.0 GPA
- Be a full-time CUNY student for both Spring and Fall 2019 semesters
- Have completed at least 12 credits in math, computer science, technology, or education courses

Hours and Location
The time commitment for both programs is 19 hours per week, for 4 days per week. Tutors will NOT be able to pick their schedule, which typically is from 8 AM to 2 PM, Monday through Thursday. Training takes place from June 17-30. The work semester takes place from July 2-August 8.
ESY tutors will be placed at a school in upper Manhattan or the Bronx. There are no participating schools in other locations.

**FAQs**

I’m not sure that I can commit to 19 hours per week. Can I still apply?
Since there is less flexibility with our summer scheduling, we prefer tutors who can commit to the 8 AM – 2 PM schedule. However, we are hiring tutors for the fall if you are interested in working with us in the future!

I’ve never worked with students with special needs before. Can I still apply?
Yes! Tutors who apply to the ESY program are encouraged to enroll in our free, 3-credit course at Lehman in order to get the most out of their experience. You will not be paid for the course, only for time worked in the classroom.

I live in Queens, but I want to participate in the ESY program. Is there a school near me?
Unfortunately, ESY schools are only located in upper Manhattan and the Bronx. Tutors are expected to commute to those locations as a part of this program.

Which grades will I be working with?
Our tutors will work with middle and high school students during the summer.

Will I have to attend training?
Yes. Tutor Corps will provide the training that you need to be a successful tutor in the classroom.

I already work for Tutor Corps, and I want to continue in the summer. Can I do that?
Yes. Email Nicole at nicole.wells@cuny.edu and indicate your interest in working with us for the summer.
